If you know a society item and do not inform the newspaper, it is your own fault if it is not printed.

Miss Allie Phillips, of Coquille, Miss Leah Perkins, Miss Lulu Curran and Miss Eva Hartung were dinner guests Sunday of Miss Fern Holcomb.

Barn Dance Is Given.

A barn dance was given at the P. H. Magee place Saturday night by C. T. Peek, who built the barn. The music was furnished by David Sterling and Herman Rudolph and refreshments were served at midnight. Those present were Mr. and Mrs. P. H. Magee, Mr. and Mrs. M. M. Wheeler, Mr. and Mrs. C. E. Ashby, O. Dobberstein and family, Mr. and Mrs. C. M. Kidd, Mr. and Mrs. McGilroy, Mr. and Mrs. W. Dorward and family, Mrs. Aubrey, Mrs. Perry Hubbard, Mr. and Mrs. D. Sterling, Mr. and Mrs. C. T. Peek, Mr. and Mrs. G. W. McFarland, Misses Susie Camp, Mary Sheldrake, Emelie Holderman, Hazel Ashby, Mabel McFarland, Pearl Ashby, Ruby Ashby, Edith Magee and Katie Willis, Mr. and Mrs. Herman Rudolph, John D. Parker, Homer Kidd, Will Holderman, Will Kidd, Hassel Magee, Vernon Larson and Frank Willis.

Leona Society.

Mrs. Eva Wilkins entertained the Five Hundred club Saturday evening at her home. The house was beautifully decorated with maidenhair ferns. A luncheon was served at 12 o'clock. Those present were Mr. and Mrs. Frank Ager, Mr. and Mrs. Tucker, Mr. and Mrs. Brown, Mr. and Mrs. Jim Wheeler, Mr. and Mrs. Jim Allen, Mr. and Mrs. Bill Wilkins, Mrs. Della Purdin, Mrs. Brantford, Mrs. A. Jennings, Fred Kinsland, Thos. Richeson, Fred Tucker, Florence Purdin, Viva Ritchey, Lloyd Ritchey, Jesse Pitcher, Raleigh Done, Gladys Purdin and Dora Birch.

PADS AND FANCIES

One tablespoonful of brown sugar added to two tablespoonfuls of flour and three of cold water and cooked, stirring constantly, until creamy, makes a most excellent paste. It also makes a splendid sizing where wall paper refuses to stick to a painted wall.

Keep candles on ice for a day before using on a birthday cake and they will burn slowly and evenly.

When dropping muffin dough into the tins first dip the spoon into boiling water and the dough will not stick to the spoon.

Warm lemons before squeezing them and twice the juice will be obtained.

Place crumpled tissue paper in the bottom of the jar and your cookies will keep fresh and crisp.

Dry flour applied with a newspaper is an excellent and easy way to clean tinware. Brown or yellow wrapping paper is preferable.

To protect your enameled cooking utensils, use the iron lids raised above the level of the range by perforated borders. These air spaces spread the heat so evenly and quickly that it does away with the desire to whisk off the lid and cook over the open flame when one is in a hurry. Practically the same heat intensity is obtained, and there will be no soot on your cherished blue and white kettles and saucepans.

You need never have any trouble with your thread if you thread your needle before breaking the cotton off the reel. It is the pulling against the twist of the strand that causes kinking and knotting.

Paint your gas stove with silver enamel paint twice a year. This keeps it in good condition, saves blackening, and you will not soil the daintiest dress around it.

To clean zinc, first wipe carefully with a dry cloth. Then apply kerosene oil and allow it to remain on the zinc over night. In the morning wipe it off with a soft cloth and again apply kerosene.

Raw eggs are decidedly unpalatable to many persons, and when they are recommended by a physician real difficulty is experienced in taking them. In the first place, of course, raw eggs must be kept absolutely fresh. In the next place they must be very cold. They should be kept directly on the ice. Then they should be daintily served. Break the egg into a dainty glass and serve it on a plate on a dainty doily. Often persons who cannot take plain raw eggs can eat them if they are flavored and beaten. Try beating the white and yolk separately, then together, and flavoring with salt, sugar or nutmeg, as taste dictates.

Fabric gloves should be washed in cold water, not only to insure them against shrinking but also because this kind of dirt will more easily come out in cold water than in hot. They must also be rubbed, for no amount of soaking will remove the dirt from the finger tips. These little tips are rather tedious

to wash, too, for the reason that they are so small and hard to get hold of, so one of the nicest things to keep in your bath room is a little washboard—the kind with which children play at washing. These small boards can be had for 10 cents, and will be found very useful for many other little things that you always like to do yourself. After washing them, rinse thoroughly in cold water, stretch them into shape, smooth them out and lay on a flat place to dry. Do not hang them on the line in the sun, for drying them in a very great heat will make them stiff and harsh.

To avoid breaking a baked fish in removing it from the pan it should be laid on a piece of greased cotton cloth and then placed in the pan to cook. When done it can be lifted to the platter, then the cloth can be slipped from beneath the fish without danger of breaking.

TESTED RECIPES

Pear Sponge—Take sponge cake and cut it into squares. Pare, halve and core some large pears. Boil in a sirup colored with half a cupful of cranberry or other red fruit juice. When tender: remove from the sirup and place one of the halves on each sponge square. Decorate with cranberry jelly and serve with plain or whipped cream or with a sauce.

Pumpkin Bread—Two cups of pumpkin juice, three cups of yellow corn meal, three cups of rye meal, half a cup of molasses, one teaspoonful salt, two cups milk and one teaspoonful of baking soda. Mix these ingredients together, beat well and turn into a buttered tin. Cover with buttered paper and steam five hours.

Teachers Pass Exams.

The following Cottage Grove teachers have successfully passed the examinations taken in June: Eva B. Richmond, Mabel Veatch, H. L. Martin, Ethel Christmann Scott, Eva Hopper, Bertha Stephens and Nora Ward.

SAN FRANCISCO CHAMBER IS TO VISIT HERE

Commercial Club Is Appraised of Trade-Boosting Trip Being Made by Californians.

Cottage Grove will be visited Friday, August 25, by a party of between 75 and 100 from the San Francisco chamber of commerce, out on their annual trade extension excursion. Secretary Armstrong, of the commercial club, has received word to this effect. The letter states that the party does not expect formal entertainment but that it is hoped that the business men and bankers will be at their places of business on that day, so that members of the party may meet them. The party will be in the city about an hour and a half. Whether or not there will be any form of entertainment for the visitors has not yet been considered by the commercial club.

Members of the San Francisco chamber make one of these trips every year. As the object is to develop a closer relation between the San Francisco wholesale and industrial institutions and their patrons, the heads of these institutions make the trip. They endeavor when in a city to meet every business man, whether a customer or not. This will be their first trip into this section of Oregon. The party will stop at southern Oregon points and from here will go to Eugene and over the Willamette Pacific to Coos bay points. They travel in a special train of Pullmans, diners and observation car.

Former Resident Smashes Auto.

G. S. Gourley, of Eugene, who with his wife and two children is visiting at the home of his brother-in-law, E. R. Cummings, of Albany, damaged his automobile to the extent of \$50 Sunday evening while trying to dodge the "semaphore" placed in the center of the street intersection. In making the turn Gourley swung too far out, and struck a fire hydrant, damaging the radiator of his machine. The occupants of the car were shaken, but not injured. Mr. Gourley is a former resident of Cottage Grove and visited here a short time ago.

Amanda Whitman Dies.

Miss Amanda Whitman died at her home at Wildwood at 7:15 yesterday morning, the cause of death being heart trouble, from which she had long been a sufferer. She was 17 years of age and was a daughter of Mr. and Mrs. Al Whitman. Funeral arrangements had not been completed last night.

DEER SEASON IS ONLY TOO WEEKS AWAY

Season Has Been Favorable on Account of Rains and Much Game Is Reported.

Contrary to the understanding of many, the season for hunting deer does not open on August 1, but on August 15. Many local parties are already laying plans to join in the bombardment which always ushers in the deer season. The weather lately has been ideal to bring the little animals down out of the big tops. For many months past the lower ranges have been so dry that the deer have remained well back in the tops until the season was almost ready to close, but this year the hunters do not expect to have to scour the topmost ridges in order to find game.

Although the snow of the past winter was reported very hard on deer recent reports from the mountains indicate that there is no evident shortage, the amount of signs being very exceptional for this season of the year.

The law provides that deer with horns may be killed from August 15 to October 31, the bag limit being three in each season. The law further provides that the deer, after being killed, must be properly tagged with a tag taken from the license bearing the name of the hunter and the date on which the animal was killed, and to be attached in such a manner that it shall be in plain sight at all times.

Forest Visitors to Register.

The register, heretofore considered in its association with hotels and city life, is to make its way into the national forests this year.

Supervisors C. R. Seitz and H. B. Rankin, of the Cascade and Siuslaw forests respectively, have received a supply of forest travelers' registers, and they will be sent to the rangers in these reserves.

The registers will be placed at rangers' headquarters and other places frequented by visitors to the forest. The plan is to make a permanent record of those visiting the various forests.

The register advises visitors that the rangers will assist them and that the telephones may be used in cases of emergency. Caution against fires is also urged.

Mooseheart Impresses Mark Garoutte.

Mark Garoutte, who was a delegate to the national convention of Moose, has returned home. The delegates visited Mooseheart, the elegant home maintained at Mooseheart, Ill., for orphans of members and for disabled members, and were greatly impressed with the magnitude of the work carried on. Mr. Garoutte says that within ten years it will be the greatest institution of its kind in the world.

It usually costs as much to turn out a poor job of printing as a good one. The Sentinel turns out the quality stuff at the same price that inferior goods can be profitably produced.

LANE COUNTY TO GET MUCH BACK TAX MONEY

Ownership of Lands Being Checked Up by Representative of General Land Office.

Lane county will receive a large sum as back taxes for the years 1913, 1914 and 1915 on the Oregon and California grant lands in this county. The Willamette valley counties in which the grant land lies will receive \$1,338,877.57 as soon as the ownership of the lands can be checked up by Oswald West and Louis L. Sharp, chief of the field division of the general land office.

When the land grant litigation resulting the recent grant land act was commenced, the Southern Pacific company refused to pay its taxes on the grant lands pending the outcome of the litigation.

Some idea of the amounts due the different counties can be gained by the statement of the 1915 taxes, which are as follows:

Beaton	\$21,133.08
Clackamas	29,133.08
Columbia	16,815.96
Coos	39,560.95
Curry	2,923.05
Douglas	96,230.35
Jackson	65,784.27
Josephine	37,540.40
Klamath	10,698.78
Lane	72,925.97
Lincoln	2,440.41
Linn	11,532.79
Marion	7,532.79
Multnomah	15,099.77
Tillamook	3,064.52
Washington	3,861.72
Yamhill	4,128.95

By noting the amounts due for 1913 and 1914, which are larger than the 1915 tax, it will be seen that each county will receive a larger amount for each of these first two years than for the last.

THIRTEEN HOUSES BURN AT SAGINAW

A Dozen of the Buildings Unoccupied; Flames Start from Bushnell House and Spread.

Saginaw Ore., July 27.—The house in which Ed Bushnell and family were living and 12 other empty company houses were completely destroyed by fire late last night. The fire was caused by a defective flue in the Bushnell house. From there it spread to the adjoining house, and then went straight down the row.

Mr. Bushnell was badly burned, and his entire household goods were destroyed. The other Booth-Kelly company houses were old and their loss means nothing serious.

Owing to the recent rain the fire did little damage otherwise.

Lest We Forget.

Portland advertisers make a mistake in overlooking the country press. The small city dailies and country weeklies are read very closely, and should be considered along with the Portland dailies when advertising campaigns are planned.

Aside from the direct advertising value, there is the sentiment side, too. The Portland chamber of commerce

sends out columns and columns of new notices, much of which is used in the country press, which in the main is very loyal to Portland, and tries to be helpful and constructive.

Portland's policy of working for the upbuilding of the entire state, while abstracted at home, is believed in by the press of nearly every section of Oregon. Portland advertisers should not forget this.—Oregon Voter.
