

A GOOD FRIEND!

A good friend stands by you when in need. Cottage Grove people tell how Don's Kidney Pills have stood the test. Mrs. Keibelbeck endorsed Don's over three years ago and again confirms the story. Could you ask for more convincing testimony?

Mrs. M. Keibelbeck, Birch and J streets, Cottage Grove, says: "I am subject to kidney weakness and I was never able to find any medicine that would really help me until I used Don's Kidney Pills. A short treatment of this medicine once in awhile keeps me free from all kidney complaint." (Statement given February 22, 1913.) On March 27, 1916, Mrs. Keibelbeck said: "My estimation of Don's Kidney Pills remains unchanged. I have never had this medicine fail to give me satisfaction whenever I have used it."

RUSSIANS CAPTURE MORE VILLAGES

Possession of Ridge South of Brody Important to Drive on Lemberg.

London.—Following their sharp attack against the Austrians south of Brody on the rivers Graberki and Serech, the Russians have swept in six more villages, an entire ridge of commanding heights, and 3000 more prisoners. In the two days' battle, which has given General Sahharoff's troops successes vitally important to their drive against Lemberg and Von Bothmer's flank along the Stripa, more than 5500 of the enemy's soldiers have been made prisoners.

Although the check which the Czar's forces in Galicia received early in week relieved somewhat the three which their northern advance has brought against Von Bothmer, the successes which have crowned the latest Russian efforts south of Brody have again put the Austrian lines on the west bank of the Stripa in a dangerous position.

On the Stokhod line the influence of Von Hindenburg is already being felt in the stiffening of the Austro-German lines and in the growing fury of their counter charges. By winning command of the northern part of the stream, where it crosses the Pinsk marshes, Brusiloff has eliminated all danger of flank movements against his lines and can concentrate his attention on a frontal attack for the possession of Kovel.

BRITISH AND FRENCH PUSH BACK GERMANS

London.—Terrific fighting, in which the British have cleared out between two and three miles of German second-line trenches north of Pozieres and the French have repulsed fierce German attempts to regain the ground lost before Verdun, has continued all day along both battle fronts in the west.

The struggles have been hand-to-hand and knife-to-knife in many places and the losses on both sides, especially the German, are understood to be appalling.

The Germans have suffered further losses at the hands of the French between the Hem wood and the river Somme, losing a line of their trenches and 120 prisoners and 10 machine guns, and also in the Verdun sector, where the French made progress south of the Thiaumont work, captured five machine guns and took some houses in the western part of the village of Fleury. After a heavy bombardment of the British positions the Germans launched violent infantry attacks north and northeast of Pozieres, and at two places succeeded in entering British trenches. The success was not long-lived, for the British soon drove them out, inflicting heavy casualties.

BRITISH SAVE SUEZ

Over 3000 Unwounded Prisoners Are Captured With Number of Germans.

London.—The Turkish army of 13,000 soldiers which attacked British positions at Romani, 22 miles east of the Suez canal, has been thoroughly defeated, according to the latest official statement. The Turks are now in full retreat and were hotly pursued for 18 miles by British troops.

The number of unwounded Turks captured was 2145. Among the prisoners were 70 Germans, including 36 officers. A complete battery of German guns was also taken.

The net results of the battle of Romani are the destruction of more than one-fourth of the Turkish effectives and the pushing of the remainder out into the blazing desert beyond the Katia cases.

Drastic Liquor Law Passed in Seattle.
