OREGON NEWS NOTES OF GENERAL INTEREST

Important Occurrences of Past Week Briefly Compiled for Our Readers.

A volunteer cadet corps is being organized at Pendleton high school.

Bodies of chrome iron have been tapped on Canyon mountain, near Canyon City.

E. M. Hill's large blacksmith and wagon shop was completely destroyed by fire at Dufur.

To run the city of Portland during 1917 will cost \$3,373,007, according to budget estimates.

The thirtieth annual conclave of the grand commandery, Knights Templar, was held at Corvallis.

Aggregate resources of the banks of Portland have gained \$6,144,691.03 during the last two months.

Plans are under way for a large sawmill at Shippington, a suburb of Klamath Falls, on upper Klamath lake.

The third sawmill for Bend, the second or twin mill of the Shevlin-Hixon company, began operations Thursday, employing 200 men.

An elaborate irrigation system with a capacity of furnishing water to 2000 acres of alfalfa land will be constructed soon near Riddle.

Mrs. Ella Graven shot and killed her mother, Mrs. Minnie E. Graves, and herself in her mother's bed at their home in Portland.

Frank Alcicata, engineer at the Chandler hotel at Marshfield, was instantly killed when a gasoline tank he was soldering exploded.

The Copper King mine in the upper Grave creek region of Jackson county is being equipped with a concentrating plant of 40 tons daily capacity.

David Alexander, an employe at the Western Coopersage company's camp on the Klaskanine river, in Clatsop county, was killed by a falling tree.

Representative N. J. Sinnott, of The Dalles, is confident that the 640-acre provision for grazing homesteads will be adopted as soon as congress reconvenes.

The annual convention of the Oregon congress of mothers and parent-teacher associations will be held at The Dalles for three days, beginning October 12.

Claims on niter deposits have been filed upon by George Grizzle, O. D. Cravens and Fred Morley of Klamath Falls, the claims being located in upper Lake county.

Fire destroyed the Perry & Jeldness sawmill, three miles north of Halfway, together with 600,000 feet of high-grade lumber, the bunkhouse and the blacksmith shop.

With crowds unequaled by those of any previous fair and exhibits which were pronounced the best of any state fair in the west, the state fair at Salem ended Sunday.

Because there are no available cars for handling wheat and all Pendleton dealers are loaded with wheat they cannot move, the Pendleton wheat market is at a standstill.

Governor Withycombe granted a conditional pardon to Richard Thomason, an escaped convict, after Thomason had walked into the executive's office and surrendered himself.

The new education building at the university of Oregon at Eugene is complete in every detail, except the furniture and interior finishing touches on the two upper stories.

According to the annual report of the Western Union Telegraph company, filed with the public service commission, its net income for the year ending June 30 was \$12,143,873.30.

Captain Peter Jordan, vice-president of the Callendar Navigation company and for fully 35 years one of the best-known shipping men in the lower Columbia river district, is dead at Astoria.

A new record for the importation of liquor was made in September, when 22,200 packages were received in Multnomah county, according to the affidavits filed at the county clerk's office.

Leslie M. Scott, H. H. Johnson, and George H. Himes, assistant secretary of the Oregon state historical society, marked the route of the old Oregon trail from Oregon City across the Cascades last week.

By filing his way through the bars, and descending to the ground by means of a rope woven from a blanket, Otto Matheson escaped from his ward on the second floor of the state insane asylum at Salem.

E. E. Coovert, one of Portland's most prominent attorneys and one of the leading workers in many of the recent leading movements in state development, is dead, following an operation for appendicitis.

Dr. B. T. Galway, of the bureau of plant industry of the United States department of agriculture, has arrived at the Oregon agricultural college to cooperate with college experts on the introduction of blight resisting pear stock from China. Experiments with the new stock will be carried on at the southern Oregon experiment station at Talent.
