SEEK PROGRESSIVE AND LABOR VOTES ON FALSE CLAIMS

Democrats Posing as the Enactors of Legislation Which the Indisputable Facts Show to Be of Republican Origin.

AUTHORITY ON SOUND SOCIAL LAW CITES 11 GLARING CASES

Organized Labor Resents This Deception and Running True to Form Will in November as at Many Previous Elections Indignantly Smite Those Who Without Justice Lay Claim to Its Gratitude—Even the Much-Touted Federal Reserve Law is Based Entirely on the Statistical Research of a Republican Administration.

That "No class is more instant than labor to condemn and punish those who without foundation lay claim to its gratitude" is the assertion of John Williams, ex-commissioner of labor, apropos of certain false claims set forth by Vance McCormick, Democratic National Chairman, in behalf of his party.

Chairman McCormick caused to be published in the New York Times, on July 31, an appeal for Progressive and Labor support, based on "twenty measures enacted by Congress while President Wilson has been in the White House," and for which he claims credit for the Wilson administration and asks Progressive approbation. Commenting on this statement, the former Commissioner of Labor says:

"Students and promoters of sound social legislation will do well to examine this list for it contains a number of items of unusual interest.

"We may well believe that it was with a great deal of pride that Mr. McCormick contemplated the record of his party and that he drew a vivid mental picture of Progressives flocking to the support of Mr. Wilson because of the things claimed on behalf of this administration.

"It is a pity that in the interest of truth, which knows neither Democrat, Progressive nor Republican, we must mar this remarkable statement. Nevertheless, it is our duty to call attention to the fact that in his effort to induce support for Mr. Wilson the Chairman of the Democratic National Committee has fallen into a glaring error. We have no desire to disparage the achievements of the Wilson administration, but we must enter emphatic protest against any attempt to pad the Record.

"Mr. McCormick claims 'twenty measures enacted by Congress while President Wilson has been in the White House.' This claim we dispute. More than one-half are measures enacted under a Republican administration and were approved by ex-President Taft, and for others the Democratic administration deserves no credit.

"Lest anyone think that this is a groundless assertion we herewith furnish the record which can easily be verified:

From among the twenty pieces of legislation cited by Chairman McCormick, I select the following:

- (1) Eight hour law on government work. In effect March 1, 1913. Signed by Mr. Taft.
- (2) Eight hour provision for post office clerks. In effect generally August 24, 1912.
- (3) Eight hour provision applicable to the manufacture of ordinance for the government. In effect January 1, 1913. Signed by Mr. Taft.
- (4) Children's Bureau. In effect April 9, 1912. Signed by Mr. Taft.
- (5) Industrial Commission Law to investigate industrial relations. In effect August 23, 1912. Signed by Mr. Taft.
- (6) The phosphorous match law. Enacted in 1912, effective as to the importation of white phosphorous matches January 1, 1913, and as to the manufacture of such matches July 1, 1913. Signed by Mr. Taft.
- (7) The Department of Labor Law creating a department with a secretary who shall be a member of the President's Cabinet. In effect March 4, 1913. Signed by Mr. Taft.
- (8) The Parcel Post Law. In effect January 1, 1913. Signed by Mr. Taft.
- (9) The Federal Reserve Law which, while passed during this administration, is based entirely on the vast work of investigation and compilation done by the Monetary Commission, during the Taft Administration, and closely follows, except in certain details, the legislation recommended by that commission.
- (10) The eight-hour law for the District of Columbia, was fathered and put through by a Republican, Senator La Follette.

The anti-trust law antedates the Cleveland Administration—although President Cleveland never enforced it. From time to time, as with all great legislative acts, it has been necessary to amend or add to it, and the anti-trust law of the Wilson Administration was merely such an amendment, a logical development of the original act.

ROUMANIAN ARMIES REPORTED DESTROYED

Transylvania. With Some Exceptions, Declared Clear of Invaders.

Berlin, by wireless to Sayville.—The Roumanian second army in its retreat in Transylvania lost approximately two divisions," says the Overseas News agency. "The Roumanian first army and the larger part of the second army have been virtually annihilated.

"When the successful attack was made on the first army at Hermannstadt by the Austro-German troops the Roumanians planned to send the second army to its assistance. This plan was learned from reports of aviators. The second army advanced too far to the west and was forced to retreat in haste. Its retreat became a panicky flight. Captured officers say the army was completely disorganized. It would have been annihilated if Roumanian forces had not been hurried through the Torsburger and Predal passes.

"The Roumanian leaders lost their surety of direction. Brigades and regiments in desperation were moved hither and thither on railroads and even on carts. Only pitiful fragments of the army could be rescued from Transylvania.

"Transylvania today is clear of the Roumanians, except for small sections near the border."

ALLIES CONTINUE DRIVE ON SOMME

London.—On the Somme front in northern France the entente forces are keeping up their unrelenting drive.

The French, after having checked the German counter attacks on the positions won in their "pocketing" attempts around Chaules, south of the Somme, resumed the offensive north of the river. According to Paris they succeeded in penetrating German positions at Sally-Saillies, pushing up to the edge of the Bapaume road.

The British recently have been advancing in the vicinity of the Stuff edoubt and the Schwaben redoubt in the Thierval region on their northerly flank.

I-BOAT OPERATIONS UPHELD

Jews Bureau Statement Says No "Blockade of Peris" is Constituted.

Berlin, by wireless to Sayville.—The sight of German submarines to operate off the American coast so long as American territorial rights are respected and pledged to the United States kept, was upheld in an authoritative statement issued through the semi-official news agency.

It was denied that such operations constituted a "blockade," and it was further stated that no sensible American citizen will believe that a secret depot for supplying German submarines could be established on the American coast.

It was pointed out that English cruisers "approach the coast of New York so closely that they can be seen from the roofs of tall buildings with the naked eye."

Loan Promoters Curbed.

Washington.—Attempts of promoters in the west to make personal profit out of the organization of joint stock banks under the federal farm loan bank system, resulted in a suggestion to the department of justice by the farm loan board that federal prosecutions be brought.

Members of the board explained that attempts to promote organization of banks for commissions has become a scandal in the west.

Husband Kills Man Who Annoys Wife

Klamath Falls, Or.—Charles Hobbs, a homesteader living near the Algoma Lumber company's plant, 12 miles north of here, shot and killed Ed Ways with a shotgun. Hobbs gave himself up to the sheriff here. The shooting took place in Hobbs' dooryard, and resulted from Ways' attempting to force his attentions upon Mrs. Hobbs and threatening her if she told her husband, it is said.

Mine Sells for \$50,000.

Baker, Or.—One of the big mine deals of the year was announced in the sale of the Tempest mine, in the Greenhorn district, formerly the property of Millard Bennett and E. E. Bennett, of this city, and of others in the east, to Florence Naylor Doty, of Denver. The price agreed on is \$50,000.

No Change in Chinese Railroad Plans.

St. Paul.—No change in the plans of Stems-Carey company is expected to follow news of the Japanese-Russian protest against the concessions of the company for railroad construction in China. It was said at its offices here.

Nature Makes VELVET Right for Your Pipe

And nobody can make tobacco any "righter" than Old Mother Nature.

Nothing can take the place of the two years' natural ageing that gives VELVET its mellow smoothness. Nothing else could make VELVET so mild and cool and smooth without robbing it of its natural flavor and body.
