Miss Ivy Porter, cousin of the bride, was bridesmaid. Byron Jackson, brother of the groom, was best man. At eight o'clock the bridal party entered the living room to the strains of the wedding march, rendered by Mrs. Wm. Plank, sister of the bride, and in the presence of about thirty guests the wedding service was read by Rev. Douglas, of Eugene. The bride's gown was of white crepe de chine with shadow lace and silk trimming. The bridesmaid wore a costume of pink silk with black silk velvet trimming.

The guests were invited to enter the banquet room, where the committee awaited them attired in hard times clothes. The tables were found to be provided with nothing but toothpicks and water. The guests, who were about equally divided between republicans and democrats, hesitated some time before being seated. ### STARTS EXPERIMENTS WITH WINTER BARLEY

A new crop for Lane county may be found if experiments now being started by N. S. Robb, county agricultural agent, are successful. The new crop is bearded white winter barley, which, if it can be grown successfully, should be a more profitable crop for feeding purposes than almost any other kind of grain, according to Mr. Robb.

In answer to a number of inquiries as to the value of this grain, Mr. Robb has placed trial plots of winter barley at Cottage Grove, Creswell, Eugene, Co-burg, Marcola and Junction City. These plots will show what the grain will do in this community, says Mr. Robb, and will enable him to answer the many inquiries that are made in regard to the possibilities in barley growing.

### County Is Out of Debt

Not only is Lane county out of debt at this time, but it is paying cash for all warrants issued by the county court this month, and will probably have money enough to pay cash for all warrants issued next month also.

The county runs behind a few months between tax receiving times, and has to pay interest for short periods on its warrants.

In addition, Lane county, as a county, has no bonds outstanding, and so, with the warrants practically always paid up, is in splendid financial shape.

## OREGON IS BONE DRY AFTER JAN. 1

Prohibition Amendment Is One of the Eight Adopted by Electors in Recent Election.

Incomplete returns over the state show that eight of the measures submitted to the voters at the election were probably carried, although the majority in favor of two or three of them is small and when the full returns are in the result may be changed. The incomplete returns from over the state give majorities for the following amendments: Single item veto, ship tax exemption, negro suffrage, anti-compulsory vaccination, Sunday closing law repeal, rural credits amendment, absolute prohibition, state-wide tax limitation and Pendleton normal school, while the following have adverse majorities: Full rental land tax or single tax bill and brewers' amendment.

The official count on the measures in Lane county shows the following figures:

### COMMISSION PROBES CROSSING ACCIDENTS

Railroad, State, County and City Officials Invited to Hearing.

For the purpose of considering what legislation is necessary in order to reduce the hazards of grade crossings in Oregon, the public service commission of the state, on its own motion, will conduct a hearing in Portland on Thursday, November 23, at its office, 252 Court house. For this conference, state, county, municipal and railroad officials have been invited. In its letter of notification, the commission says:

"Statistics show that accidents are increasing yearly at grade crossings, and this subject is receiving earnest consideration and attention generally throughout the country. In this state there are approximately 2800 grade crossings, 96 per cent of which have no protection other than the ordinary standard highway crossing warning sign. In the last eight years there have been on these crossings many accidents, 147 of them attended with serious injury, and 40 of which have resulted in death."

The elimination of dangerous railroad crossings is of considerable interest to residents of the Cottage Grove county.

### DANGER OF RAILWAY STRIKE LOOMS AGAIN

New York, Nov. 13.—Failure of the railroads of the country to live up to the spirit and intent of the Adamson eight-hour law will result in the strike vote of the four big railroad brotherhoods being put into effect, it was announced here today by William C. Lee, head of the brotherhood of railway trainmen, after a three-hour conference between brotherhood railway representatives.

Danger of a nationwide railway strike, which was believed to have been averted by the passage of the Adamson eight-hour law, has not entirely disappeared, it developed here today when representatives of the roads and the four brotherhoods, comprising 400,000 employees, failed to reach an agreement as to the proper application of the new law. The stumbling block, both sides admitted, was the existing mileage system of compensation.

### 'BONE DRY' LAW WILL AWAIT LEGISLATURE

Salem, Ore., Nov. 13.—Oregon's absolute prohibition "bone dry" amendment will not become effective until the state legislature provides the necessary legislative machinery for its operation, according to an oral opinion rendered here today by Attorney General George M. Brown. The legislature meets in January. The amendment, which was ratified at Tuesday's election, bars all shipments of liquor into Oregon.

### The Modern St. Patrick

National advertising has been the St. Patrick of business, says the Christian Herald.

It has driven misrepresentation, careless workmanship and shoddy merchandise back into the shadows of the rear room.

It has put business on a new four square basis of truth in merchandise, in business relations and in publicity.

National advertising has standardized merchandise and has forced new standards of quality which, but for it, would not have been possible except at much higher prices under the blind system of distribution which formerly ruled.

The breakfast table of almost any American home of today is eloquent testimony to the influence of national advertising.

The hats we wear, the hose we endeavor to wear out and nearly every article of human use will be found bearing the stamp of an advertiser of national repute.

The national advertiser has made it possible for the consumer to know what he is buying and to be sure that when he buys he will get the quality that he expects.

### Single Tax Loses by 140,000

Portland, Nov. 14.—The full rental value land tax and home makers' loan fund amendment, commonly called the single tax bill, was overwhelmingly defeated, it was estimated here today, by a vote of 184,984 against and 43,820 for.

### NO REASON FOR IT

When Cottage Grove Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Cottage Grove citizen says:

Mrs. J. E. Lewis, Eighth and Quincy Sts., Cottage Grove, says: "At times I am subject to kidney and bladder trouble. My back aches almost constantly during these spells with my kidneys. For several days at a time, I can hardly get about to do my work. I have to take Doan's Kidney Pills to stop the misery in my back and overcome the inflammation. They also put my kidneys in good working order. I take Doan's Kidney Pills when I notice my kidneys are not acting properly and by so doing, avoid serious kidney trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lewis had. Foster-Milburn Co., Props., Buffalo, N. Y. nov16-23
