

ROUMANIANS ARE IN RETREAT EASTWARD

Mackensen Crosses Danube and Teutonic Forces Effect Junction.

Berlin, by wireless to Sayville, N. Y.—General von Falkenhayn's troops invading western Roumania from the north and west have effected a junction with Field Marshal von Mackensen's forces that have advanced from the south and crossed the Danube into Roumanian territory, the war office announces.

Driving toward Bucharest von Mackensen's advance has reached the outskirts of Alexandria, 47 miles from the Roumanian capital.

The Roumanians retreating eastward are burning towns as they retire, according to the official statement, which also reports the repulse of a Roumanian cavalry division protecting the retreat. The report says von Mackensen's entire army has crossed the Danube under his personal inspection.

Advancing south down the Alt valley, General von Falkenhayn's forces have captured Kamnitz and Valcea.

In Dobrudja an attack on von Mackensen's lines, aided by a bombardment from warships, was a failure, declares the statement.

Roumanian officers taken prisoner are quoted by the war correspondent of the Berliner Tageblatt as declaring that the Roumanian disasters were due to Roumanian unreadiness.

DANUBE CROSSED IN TWO PLACES

Sofia, via London.—The Bulgar-German forces under Field Marshal von Mackensen have crossed the Danube at two points east of the Alt valley, according to an official statement issued by the war office. The first crossing was made by the Bulgarians near Sivistova, about 50 miles east of the foot of the Alt valley. The second crossing was made by the Germans near Somovit at the mouth of the Alt.

An Italian battalion which attempted a counter attack near Tarnova was repulsed. After artillery preparation the enemy unsuccessfully attacked Hill 1050, east of Paralovo. On the rest of the front there was lively artillery fire.

In the Dobrudja there was artillery firing and patrol engagements. The enemy has entrenched. Detachments of Bulgarian troops, co-operating with the Germans, were first to cross the Danube near Sivistova, and after some fighting took the town of Zimniza, where a large quantity of grain was found. The Germans crossed the Danube near Somovit and occupied Isaluc and Rakovitz.

TWO ZEPPELINS DESTROYED

Big Airships, Riddled by Bullets From Airplanes, Fall in Flames.

London.—Two Zeppelins were brought down in a night raid on the northeast coast of England. The crews of both airships perished.

Both Zeppelins were brought down in flames into the sea after being attacked by airplanes. One of them was destroyed while nine miles out at sea on her return trip.

The war office announced that the damage and casualties inflicted by the Zeppelins were believed to have been slight.

NATIONS FOR PEACE LEAGUE

Object of American Organization Approved by Belligerents.

New York.—Messages of good will from the chancelleries of three of Europe's warring powers were read at a dinner given here by the League to Enforce Peace. The purpose of the banquet was to consider a program for a permanent league of nations at the close of the great conflict.

Approval of the principle proposed was given by Aristide Briand, premier of France; Chancellor von Bethmann-Hollweg, of Germany, and Viscount Grey, Great Britain's secretary of state for foreign affairs.

Roumanian Retreat Perfect.

London.—The military situation in Roumania is improving for the Roumanians, according to a dispatch received by the Wireless Press from Bucharest by way of Rome. Field Marshal von Mackensen is said to be making no material progress. The Roumanian retreat, it is added, is proceeding in perfect order on a settled front.

Population Estimate Cut.

Washington.—The population of continental United States January 1, 1917, will be 102,826,309, and with its outlying possessions 113,309,285, the census bureau estimates, on the increase shown by the federal census of 1900 and 1910.

ARCADE THEATER

D. W. Griffith's mighty spectacle, "The Birth of a Nation," begins its engagement at the Arcade theater Friday afternoon, December 1. There will be two performances Friday and Saturday at 2:15 and 8:15.

Nothing like this wonderful attraction has ever been seen upon the local boards. It is given here exactly as it was presented in New York city where the big drama broke every record in the stage history of the first city of the country. In addition the big piece has piled up record engagements in Chicago, Boston, San Francisco and Los Angeles.

It covers a wide range of American history and touches only the highest points of interest in the great events that led up to and terminated the Civil war. The force that slavery played in producing this crisis is traced from its inception to its abolition. While the basic theme is historical in its foundation its intent is the fundamental one of true drama. The forces which make for these results have been marshalled upon a tremendous scale.
