RAY GETS LEGAL OPINIONS ON NEW "BONE DRY" LAW

District Attorney Receives Instructions From Attorney General.

District Attorney L. L. Ray, in common with the other prosecuting officers of the state, has received the first of a series of legal opinions to be rendered by Attorney General George M. Brown, with regard to the operation of the so-called "bone dry" law.

The points covered in the opinion given out by the attorney general are briefly as follows:

1. Can permits be issued to druggists to purchase alcohol to be used by them in their business without the druggists not intending to sell alcohol? Yes.
2. Can a druggist compound a prescription of a physician for medicine containing alcohol, when such medicine is not intended to, nor capable of being used as a beverage, without first filling a bond as required? Yes.
3. Since it is unlawful for a physician to write a prescription for medicine containing alcohol and some drugs, which when compounded is likely and fairly capable of being used as a beverage, and such prescription is issued by such physician and delivered by the patient to the druggist and the same is filled, who is responsible? Both.
4. When may ethyl alcohol be sold by a registered pharmacist upon prescription of a physician? The physician must be in good standing, actually engaged in the practice of his profession in this state and not of intemperate or immoral habits, and not addicted to the use of narcotic drugs. Each such prescription shall state on its face in the English language the general nature of the ailment for which such alcohol is prescribed, the name and address of the patient for whom prescribed and the physician issuing the same.
5. Is a retail druggist who does not sell alcohol, and who has not filed the bond required in paragraph (c) of section 6, wherein "registered pharmacists conducting, or employed in, retail drug stores, are authorized to sell alcohol for medicinal, mechanical and scientific purposes, to whom permits or prescriptions for ethyl alcohol have been issued in compliance with the terms of this act," etc., required to make the report and file his affidavit provided for in paragraph (1) of section 6 of the prohibition law? Yes, if he purchases alcohol.

SPRINGS FLOWERS

(By Mrs. Lincoln Taylor.)
CHAPTER II.
Den-tar-ri-a Ten-el-la.
Dentaria among the oaks
Shakes every voiceless bell
With secrets we would gladly know
And she would gladly tell.

Tenella is her Christian name,
An easy one to spell;
Tho' the children say Spring Beauty
Because they love her well.

Dentaria receives its name from dens, a Latin name meaning tooth, some member of the genus having tooth-like projections on the root. It belongs to the family or class of the radish and mustard—Cru-cif-er-ae. It is the first flower to blossom quite plentifully in the open ground and when it is with us spring seems to have really arrived.
