More Than Value Received

It isn't the amount paid for a Cream Separator that makes it profitable—it's the returns received. One Separator may cost \$30 and another may cost \$75.00; yet the chances are the \$75.00 investment will be the cheaper one of the two, by doing more and better work, requiring less effort and less cost for up-keep for each dollar spent.

DON'T be content to use an old style machine year after year, simply because you have it. Good dairy practice does not permit "scrub" stock to eat their heads off, and fall below a profitable milk yield, simply because they happen to belong to the herd.

PROGRESS demands a constant improvement in the mechanical end of the dairy as well as among the stock.

GIVE me a chance to show you how the "World's Record" close skimming cream separator will give you more than value received.

LIBERTY PROMISED BELGIUM BY WILSON

Washington.—In greeting Belgium's war mission President Wilson expressed America's solemn determination that on the inevitable day of victory Belgium shall be restored to the place she has so richly won among the self-respecting and respected nations of the earth.

Secretary Lansing accompanied the commission to the White House, where Baron Moncheur, head of the mission, handed to President Wilson a personal letter from King Albert and expressed in a short address Belgium's gratitude for America's aid.

"Since the first days of the greatest tragedy which has ever befallen humanity," said the baron, "Belgium has contracted an immense debt of gratitude to the generous American nation.

"In a magnificent outburst of sympathy for the little country which had chosen to delay a powerful and pitiless enemy rather than to tarnish its honor or forswear its pledged word, the initiative of American citizens gave to the unfortunate victims of German cruelty in Belgium the most splendid evidences of generosity."

DUMA ORDERS OFFENSIVE

Prolonged Inactivity Along Battlefront is Considered Treason To Allies.

Petrograd, via London.—The Duma, in secret session, has adopted a resolution for an immediate offensive by the Russian troops.

The resolution declares a separate peace with Germany or prolonged inactivity on the battle front to be ignominious treason toward Russia's allies.

The first meeting of the Pan-Russian congress of all councils of workmen and soldiers' delegates, upon the vote of which depends the immediate destiny of Russia, both international and domestic questions, has assembled.

The first act of the congress was to ratify the expulsion by the provisional government of the Swiss socialist, Robert Grimm, who is reported to have been the medium through which the Germans attempted to arrange a separate peace with Russia.

Rheims Cathedral to Be Monument

Washington.—Conversion of the battle torn cathedral at Rheims into a pantheon for the unknown dead of all the armies fighting in France for the common cause of democracy has been determined upon by the French government. The plan will be put into execution as soon as the war is over, was announced in dispatches to the headquarters here of the French restoration fund.

Italians In Holy Land.

Washington.—Official dispatches received here from Rome announce the landing of an Italian contingent at Port Said to assist the allied armies in Palestine. The contingent is the first sent by Italy into the Holy Land.

Italians Sweep Forward.

Rome.—General Cadorna's troops swept forward in another successful dash east of Adanillo, capturing the strongly fortified position at Corvoa Cavento.

Irish Rebels Released From Prison

Dublin.—All Irish prisoners arrested at the time of the rebellion last year were released by the British government.

CAPITAL GREETES VETERANS

Confederate Reunion Held First Time Outside Southern States.

Washington.—The national capital in wartime threw open its arms this week to welcome the survivors of the Confederate army which sought to capture it more than half a century ago. Gray-clad veterans of the great war between the states marched up Pennsylvania avenue Thursday morning through a court of honor and past the White House, in front of which they were reviewed by the president of the United States.

For the first time since the formation of the United Confederate Veterans, their annual reunion, the twenty-seventh, is held outside what were the Confederate states.

To Train Men for Merchant Vessels.

Washington.—A campaign to recruit and train 10,000 men to officer the ships of the new American merchant marine has been announced by the federal shipping board.

Food Dealers Indicted.

Chicago.—Sixteen individuals and nine firms dealing in butter and eggs were indicted by the federal grand jury for alleged violation of the Sherman anti-trust law.

Brazil to Utilize German Ships.

Rio de Janeiro.—President Braz has signed a decree providing for the utilization by the government of the German ships now interned in Brazilian ports.

FOOD LEGISLATION WILL BE RUSHED

Wilson Instructs Hoover to Immediately Organize for Food Conservation.

Washington.—Congress' delay in passing the administration's food bills drew from President Wilson an order directing Herbert C. Hoover to proceed immediately with organization of the new food administration insofar as it contemplates food conservation and elimination of waste through the cooperation of volunteer forces.

"While it would in many ways be desirable to await complete legislation establishing the food administration," the president wrote, "it appears to me that so far as volunteer effort can be assembled we should wait no longer."

Plans for enlisting every housewife in the country as a volunteer member of the food administration have been announced by Mr. Hoover, who plans to reach the women through the state defense councils and through various women's organizations. Every woman will be taught how to save food in the kitchen and how to purchase for her family.

President Wilson's insistence that the food bills be speeded up caused the senate to put the food control bill next on the calendar and taken up Monday when the house also began debate on the bill. The measure was reported to the senate without recommendation.

Food speculators have been taking \$50,000,000 a month for the last five months—a total of a quarter of a billion dollars—from the American people, Herbert C. Hoover told senators in explaining the purposes of the food control bill now before congress.

Mr. Hoover, President Wilson's food administrator, went to the capitol by invitation to explain personally to senators the government's food control bill.

Opposition to the bill in the senate is determined and it is feared that unless this can be overcome the measure will not be enacted by July 1, as urged by President Wilson. It is confidently believed that the bill will go through the house by the end of the week.

LIBERTY LOAN IS OVERSUBSCRIBED

Washington.—Secretary McAdoo announced that no part of the great over-subscription to the liberty loan would be accepted, and that his statement of May 19, in which he declared that the issue would be limited to \$2,000,000,000 stood good.

Mr. McAdoo's announcement will result in paying down hundreds of the larger subscriptions until the total reaches the \$2,000,000,000 limit. The American people responded to the government's call for funds to finance the war with an over-subscription to the \$2,000,000,000 liberty loan of proportions so huge that officials were buried beneath a landslide of returns. In the country's ringing answer to the call, the dominant note was the voice of the small investor. The hope for a widespread response of the average man with the average income was more than realized. The subscriptions, it is believed, will reach the total of \$2,827,800,000.

WAR BUDGET SIGNED

Appropriates \$3,340,000,000, the Greatest Sum Ever Voted at One Time.

Washington.—The \$3,340,000,000 war budget, long delayed by congress on technicalities, became law when President Wilson affixed his signature to the measure.

The war budget, known as the urgent deficiency bill, appropriates the greatest sum ever voted in a lump by any legislative body. Its appropriations total a sum far greater than the total cost of any war in which the United States has heretofore engaged. The principal appropriations are for putting the army and navy in fighting trim.

The most important single provision of the measure is the appropriation of \$750,000,000 for the construction of an American merchant marine to carry food and munitions to the entente allies. The delay in making this money available threatened for a time seriously to delay the building of the "food fleet" under the direction of General Goethals and the shipping board.

New Peace Offer Made to Russia.

Stockholm, via London.—The Social Democrats says Germany has made an offer of peace to Russia through a member of the Swiss federal council.

Judson Clements of the I. C. C. Dead.

Washington.—Judson Clements, junior commissioner of the interstate commerce commission, died of heart failure at his home here.
