

THE WORLD'S RECORD CLOSE SKIMMING

UNITED STATES CREAM SEPARATOR

A Money-Making Machine

THE U. S. MINT is the finest money-maker in the U. S.—and next to it comes the U. S. CREAM SEPARATOR.

EVERY time you put a millling through the U. S. SEPARATOR you are producing out additional revenue above the cream value.

"SKIMMING the Cream" has a double meaning when you use the U. S. Separator, for you are creating extra profits by the removal of time, strength, and repair charges.

THE sooner you put one of these U. S. money-makers to work in your dairy, the quicker your "gold pile" will accumulate. Not a drop of cream gets past the U. S. SEPARATOR, and every day in the year it is ready to make your work easier and your profits greater.

DON'T waste another hour of your life fussing with an old-style type of machine. Be modern. Buy a U. S.—the World's Record close skimming separator.

RED CROSS GIVEN MORE THAN ASKED

\$1,000,000 Fund is Oversubscribed By American People.

Washington.—Oversubscriptions to the Red Cross hundred million dollar mercy fund was assured Monday night, when the eight-day campaign closed, with final rallies in hundreds of American cities.

Pledges poured in at the rate of about a million an hour.

Red Cross officials said they had no doubt that the totals will show that American generosity has responded in the same spirit as for the liberty loan with millions more than asked.

All through the week additions will be made to the fund, for campaign committees in a number of cities gathered so much momentum that they insisted on continuing the campaign beyond the fixed time.

Ten million dollars of apparent oversubscription may be necessary, it was said, to make the actual collections equal \$100,000,000, owing to the possibility of duplicate recording. The next two or three weeks will be devoted to gathering in the money promised in individual pledges.
