UNITED STATES CREAM SEPARATORS

More Than Value Received

It isn't the amount paid for a Cream Separator that makes it profitable—it's the returns received. One Separator may cost \$30.00 and another may cost \$75.00; yet the chances are the \$75.00 investment will be the cheaper one of the two, by doing more and better work, requiring less effort and less cost for up-keep for each dollar spent.

What Dye KNOW?

To-day it's a battle of wits—and brains win. Muscle and brawn don't count so much as they used to. The great question now is "What do you know?" It draws the line between failure and success, between a poor job and a good one. What do you know? Have you special ability? Could you "make good" in a big job right now?

HOOVER TO CONTROL FOOD OF AMERICA

Washington.—The American government assumed control of the country's food supply with the signing by President Wilson of the administration's food survey and regulatory bills. Formal announcement of Herbert Hoover's appointment as food administrator was made at the White House soon after the measures were approved.

The food administration plan for controlling wheat, flour and bread reveals that the government is prepared to take over the whole 1917 wheat harvest if necessary to conserve the supply, obtaining just prices.

Establishing of buying agencies at all the principal terminals, licensing of elevators and mills, fixing of prices to be considered fair, regulation of the middleman and of grain exchanges, with the elimination of trading in futures, are the chief features of the plan. The licensing will begin September 1.

EUROPEAN WAR NEWS

Additional Japanese naval units have joined the allied forces in European waters, the British admiralty announced.

In Galicia, Roumanians, Russians, Germans and Austrians are locked in a series of battles, which have been in progress for days.

Thirty-two persons were killed and 43 were injured by the bombs dropped by German raiders on southeastern English coast towns Sunday. Ten men, 13 women and nine children were killed. Thirteen men, 18 women and 12 children were injured.

The French forces made further progress against the German positions on the Belgian front. The Frenchmen broke into the German lines, occupied several farms to the east of Bixschoote and west of Langwark, and captured a number of machine guns.

Andrew Bonar Law, the government spokesman in the house of commons, told the members of the lower house that the government had decided that permission to attend the international socialist conference at Stockholm would not be granted to British delegates.

Two French aviators dropped bombs on Frankfurt-on-the-Main, one of the most important cities of the German empire, having a population of more than 200,000. A French official statement, announcing the raid, says it was in retaliation for the German aerial bombardment of Nancy and the region north of Paris.

TEUTON OFFENSIVE DECLARED WEAKENING

Russians Inflict Heavy Losses on Foe and Stem Tide of Invasion.

Press-Ad.—In consequence of the heavy losses inflicted on the Austro-German forces and the desperate resistance of the Russians, says a telegram received here from Odessa, the Teuton offensive on the Roumanian front is diminishing in intensity.

Desperate engagements are being fought by the Russo-Roumanian forces and Austro-German armies along the Roumanian front. In the center of this battle line, according to the Russian official statement, the Russians and Roumanians repulsed strong Teuton attacks along the Fokshani-Marschit railroad, then counter attacked and captured 1200 Germans, only to retire later in the evening.

In southwestern Moldavia the Russians took the offensive, smashed the Teuton lines and captured a number of prisoners and four guns.

In western Moldavia the Austro-Germans, after battles of great intensity, forced the Roumanians to retire to Oena.

In the course of a battle south of the River Pruth, on the frontier of Roumania and Bukovina, the Russians entered the town of Lagkova and took prisoner 200 officers and men. The Russians also captured 200 Austro-Germans and took three machine guns by wresting a height in that region from the enemy.

The Russian war office report announced that the Austro-Germans attacked in dense waves near the village of Zarkov, southwest of Brody, in northeastern Galicia. The statement adds that the Teuton offensive in the Zarkov region completely failed, with heavy losses.

8-HOUR BILL INTRODUCED

Would Apply to Plants Whose Products Go into Interstate Commerce.

Washington.—Many petitions from western states asking congress to take some action to check I. W. W. activities were presented in the senate. The comment which accompanied their presentation showed clearly that senators were seriously thinking of means to remedy the situation.

Senator Poindexter referred to petitions he had received from the Clearwater Lumber company and its employees in his state, in which the employees said they did not want to strike but were threatened with violence by the I. W. W. should they not do so. Both the company and the employees, the Washington senator said, were agreed on the principle of the eight-hour day in lumber camps. He introduced a bill establishing an eight-hour day for all lumbering and wood-working plants whose products find their way into interstate commerce.
