## Society

If you know of a society item and do not inform the newspaper, it is your own fault if it is not printed.

Miss Jessie Berg was the guest of honor at a social session of Methodist women at the church parlors last week, about 30 being present. Miss Berg presented with a beautiful cameo pin.

Mrs. James Allen was the honor guest at a surprise party Monday given by her children, Wilda and Otto, the occasion being her thirty-fourth birthday anniversary and the first anniversary party of her life. After the usual birthday services of singing and reading, a lunch was served consisting of cake and punch. Mrs. Allen was the recipient of many presents, and a picture was taken of the party. Those present were Mrs. Fannie Rhodes, Mrs. Wilkins and two children, Adria and Harvey, Mrs. Andersen, Mrs. Hattie Trent, Mrs. Rosa Currie, Mrs. Hanna, Mrs. Youmans and daughter Isabel, Mrs. Shafer and daughter, Jennie White, Mrs. Lee Roy Woods, and Mrs. Orrin Robinson.

### Mount View Society.

Charles Bales was the guest of honor at a surprise party Sunday, the occasion being his forty-third birthday anniversary. Twenty-four relatives were the guests. They brought well-filled baskets and a picnic dinner was held in the woods. Upon the return to the house watermelon was served.

Those present were Mrs. Naomi Bales, Miss Bebecca Bales, Mr. and Mrs. Grant Bales and family, Mrs. Caroline Doolittle, Mr. and Mrs. Lowrie England and family, Mr. and Mrs. Lot Wagner and family and Mrs. Kate Sears.

### Silk Creek Society.

A picnic dinner was given at the Jacobs home Thursday. In anticipation of the event Mr. Jacobs and Mr. Quatern built a table under the tall pines in the yard and made rustic seats. The 22 guests enjoyed these conveniences very much, as well as the fine dinner. Mrs. Jacobs had prepared many nice things in the way of eatables, and Mr. Jacobs entertained the guests with music.

### WOULD BE NEWLYWED FAILS TO CATCH TRAIN

Robert Blair, of Fall Creek, is absent for His Own Nuptials.

Eugene Register: Fate has again jested with the lovers!

Robert Blair, of Blair Brothers' store at Fall Creek, is to be married. Yesterday he dashed from store to store, and from restaurant to barber shop in Eugene, making final preparations for the big event. Friends were rushed hither and thither assisting him and were liberally rewarded with large cigars which are guaranteed to kill if you smoke enough of 'em. A marriage license was procured and apparently all was well. But the path to the altar contains many a stumbling block, and the would-be newlywed is often easily flustered. And so it came to pass that the old adage which asserts that "there is many a slip" held good, and Blair, who was scheduled to arrive in Portland and be received by Miss Blanche Park, the party of the second part, failed to catch the 1:50 p. m. train from Eugene.

At the advice of friends, however, he wired Portland of the proverbial skid before the slip, caught the next train out of Eugene for Portland, and it is predicted by those best suited to know, that he is now in Portland and once again all runs smoothly.

Mr. Blair is a son of Col. and Mrs. W. H. Blair, of this city. The wedding was postponed for the arrival of the groom, the knot was duly tied, and the newlyweds are now at home at Fall Creek in their own bungalow.

### COTTAGE GROVE GIRL IS NEAR VICTIM OF BEAR

Baker, Ore., Aug. 21.—(Special to The Sentinel).—Miss Grace E. Rinard, formerly of Cottage Grove, now visiting in Baker, narrowly escaped probable death or serious injury one day last week while out huckleberrying with Mrs. Joe Wood and daughters.

Miss Rinard was busily engaged in transferring the delicious berries from the bushes to the bucket when out of the woods walked a big black bear, and he didn't hesitate a moment in trying to cultivate the acquaintance of the fair lady. However, Miss Rinard did not seem favorably inclined to acknowledge such a tribute from a stranger. Fond visions of huckleberry pie were dismissed and "safety first" became the motto of the flying figure. The distance between them soon became so great that Mr. Bruin gave up with the realization that it was indeed no amateur he had to deal with.

Had feminine impediments been worn, progress would have been dangerously interfered with.

Metz Meets Mishap.  
Harry Hart met with an accident to his Metz while on a trip to Harrisburg last week. While attempting to pass

another car and a team and wagon, he ran into a grass-covered ditch. A rear wheel and a spring were broken. He was supplied with new parts from Eugene and made the trip without further accident. The Harrisburg Bulletin says: "Mr. Hart was interviewing some people regarding the sale of his confectionery store, he desiring to retire from business." He was accompanied by his daughter Velma.

### WHISKY IS SCATTERED ALL OVER LANDSCAPE

A big car which passed through here Tuesday night at high speed and loaded with whiskey which it was carrying from California, struck a telephone pole this side of Eugene, completely wrecked the car and scattered whiskey all over the landscape. A barrel which had been stored under the rear seat, crashed through the car and made its exit through the windshield. Bottled goods, which were being carried in suit cases, were so badly smashed up that most of the red liquor leaked out and was absorbed by the earth which, in this section, had not had a drink for 75 days.

The men in the car removed the license tag and are supposed to have taken a train into Portland. It is thought that the owner of the car will be identified by the engine number.

### CRONIES OF 84 AND 85 HAVE JOLLY TIME

Sibley McCargar, of Tillamook, stopped here Tuesday to visit at the home of his cousin, Dr. R. McCargar. The visiting McCargar is on his way home from California. He is a boyhood acquaintance of Wm. Hemenway, of this city, and the two are having a jolly time together. Mr. McCargar is 84 years of age and Mr. Hemenway 86. Both are veterans of the Civil war.

### ARE DISMANTLING OLD SAW MILL AND FLUME

Booth Kelly Removing Machinery From Mountain Near Saginaw.

The Booth-Kelly Lumber company is dismantling its old saw mill on the mountain six miles from Saginaw and bringing it and the logging equipment to the railroad. The mill machinery is being sold and the logging equipment will be used by the company in operations at other points. Several donkey engines are included in the outfit. When the mill was operated all lumber was flumed down to the railroad.

### Oregon Hornet's Stinger Cut.

Eugene, Ore., Aug. 20.—(To the Editor).—The United States district attorney has ordered the August issue of the Oregon Hornet, published at Eugene, debarred from the mails. It told the truth too plainly and instead of the parties attacked calling for an investigation and clearing their characters of the charges of graft they call upon the United States government to temporize with vice and suppress the truth.

The Hornet will continue to cut to the quick.

All copies for Cottage Grove will be sent by express to one address.

The district attorney's order has largely increased the circulation, so the taxpayers will continue to learn how they have been robbed.

### The Right Spirit.

Myrtle Creek, Ore., Aug. 16.—(To the Editor).—Herewith small amount of \$1.50 for your valuable paper. If I did not want it I'll be jiggered if I would have remitted, but as \$1.50 buys so little outside of newspaper, it is well expended. I am sure you will be just as unable to purchase much with it there, as we are all swimming in the same water, but here's hoping you get at least enough subscriptions to buy a sack of salt.

Come again when my share is gone and I will remit again.

H. A. TIBBILLS.

### Teacher Elected; Resignation Accepted.

Grover A. Gates, of Salem, has been elected to the high school faculty to take the place made vacant by the resignation of H. P. Jewett.

The resignation of Ernest Purvance, manual training teacher, has been accepted, but no one has been elected to his position. Mr. Purvance left Sunday for Metlakatla, Alaska, where he receives a substantial increase in salary.

He was recommended for the position by W. G. Beattie, former superintendent of the Cottage Grove schools.

### Glutting the Meat Market.

At least two Cottage Grove farmers have entered into a combine to reduce the cost of meat by oversupplying the market.

A cow belonging to George Miller gave birth to twin calves last week, and Charles Thornton has purchased a registered Poland China sow guaranteed to be of precocious and prolific temperament.

### Will Reprint List of Soldiers.

Owing to the unusual demand for the issue of The Sentinel containing the names of the members of Sixth company, the edition containing them was quickly exhausted, but as requests for this issue continue to come in, the list will be republished next week. Those wishing extra copies should notify The Sentinel at once.

## AGRICULTURE AND PROSPERITY.

It is impossible to measure, or even estimate, the importance of agriculture to a people. It is the foundation upon which civilization and society rest; the basis and source of the permanent wealth of a nation. No people in history have made substantial progress in civilization, the arts and sciences, and have remained long prosperous if they have neglected agriculture. It is the most universal of all arts, the parent of manufactures and commerce and the basis of all other industries, and without which all others must decay and perish.

Indeed, where a people have devoted themselves to agriculture they have been uniformly prosperous and progressive, while those nations and the people who have abandoned or even neglected it have declined.—H. G. Davis.

## The Other Fellow.

"Mother doesn't think she'll go to the theater with us tonight, Albert." "Is that so? I have three tickets. What shall I do with the third one?" "Give it to the man you always go out to see between the acts. He can sit with us, and you won't have to go out to see him."—Exchange.

## He Told Her.

"Why did I ever leave home and mother?" sobbed his wife. "Chiefly because your family was too stingy to take us in," he answered bitterly.—Life.

## An Old Master, Anyway.

## FRENCH ADVANCE ON 11-MILE FRONT

Paris.—A smashing French victory on the Verdun front is recorded in the official report issued by the war office. The French have captured the enemy defenses on both sides of the Meuse over a front of more than 11 miles, penetrating the German line at divers points to a depth of a mile and a quarter.

More than 5000 unwounded German prisoners have been taken.

Notable among the captured positions are the Avocourt wood, two summits of Le Mort Homme, the Corbeaux wood and Champneville, all of which were held, notwithstanding vicious counter attacks by the Germans, which were broken up by the French fire with heavy casualties to the enemy.

French armaments materially aided the infantry in the press forward, swooping low over the German forces and firing their machine guns into the ranks and in flights in the air with German protecting machines, eleven of which were sent hurtling to the ground.

## NEED HARD BLOWS TO WIN

Pershing Deplores Lukewarm Attitude of American People Toward War.

Paris.—Major-General Pershing, the American commander, in an interview, stated that the war can be won only by hard and forceful blows delivered by a well-trained American army working in conjunction with the allied armies.

Deploping the lukewarmness of the American people in regard to the war, General Pershing added:

"Every man, woman and child should support the administration in its determination to arm and equip the American army and to keep up its morale and that of the allied armies: This war will not be won by talk nor by subscribing to the Red Cross. The American people must come to a full realization of what the war means. It can be won only by striking hard and forceful blows, not otherwise."

## Allies to Confer on Pope's Offers.

London.—The allies will not reply to the peace appeal of Pope Benedict until after consultation in which all the entente powers will have a part. At the same time there is some disposition in certain quarters to leave the answer to President Wilson.

## National Secretary of Socialists Held.

Chicago.—Adolph Germer, national secretary of the socialist party, recently arrested and later released, has been rearrested on a charge of having violated the espionage law by making a public speech against conscription.

## Canada Keeps Flour From U. S.

Ottawa, Ont.—Exportation of flour to the United States is prohibited through an order in council, issued at the instance of the Canadian food controller.

## Take Villages on Caucasian Front.

Petrograd.—The Russians have taken the offensive on the Caucasian front and have occupied a series of villages, the war office announced.

Beatties Arrive in Alaska. Metlakatla, Alaska, Aug. 10.—(Editors Sentinel).—I am enclosing herewith check for \$1.50 in payment for a year's subscription to The Sentinel. You see that after a year in Cottage Grove I've got the habit and can't do without The Sentinel.

We had a fine trip north and have had ten days of the most beautiful weather possible. It rained the day after we landed here and began again at noon today. We are enjoying fine raspberries from the school garden here, have radishes, lettuce and turnips galore, and will soon have peas ready for the table.

We get fresh meat only when a trip is made to Ketchikan, about 16 miles away, but have had all the trout, salmon, flounder, and halibut we could consume. One of our Indians who owns a 45-foot gas boat brought to the cannery yesterday about 5000 salmon, for which he received \$350, and is back this evening with 6000 salmon. The salmon run is at its best now. The price of canned salmon is so high this year that every cannery is making its utmost efforts to put up a large pack.

Hope all goes well with you and the rest of the Cottage Grove community. W. G. BEATTIE.
