

HERE'S PROOF

A COTTAGE GROVE CITIZEN TELLS OF HIS EXPERIENCE.

You have a right to doubt statements of people living far away but can you doubt Cottage Grove endorsement? Read it:

F. C. Rabston, retired farmer, 447 S. Third St., says: "Whenever I have an opportunity to speak a good word for Doan's Kidney Pills I do not hesitate to do so. Doan's have regulated my kidneys and have overcome pains due to disordered kidneys. I have had to use them on several occasions for kidney complaint and in every instance they have never failed to give me great satisfaction."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Rabston had. Foster-Milburn Co., Props., Buffalo, N. Y. n29-06

STRONG ATTACK BY GERMANS REPULSED

British Swept Back, But Practically All of Lost Ground Is Recaptured.

British Headquarters in France.—Extensive gains by the Germans in a great encircling movement designed to wrest from the British the ground captured in the Cambrai sector last week were virtually set at naught by British counter attacks.

Five German divisions—at least 150,000 German troops—were called upon to deliver Germany's supreme effort to break the British circle about the depot city. At the same time other great forces were massed for an attack northward against the British grip on the ridge positions. This was over a front of five miles.

Both efforts failed. With Spartan-like courage, the British contested every inch of the way after the Germans, in their first rush, had swept on to Lateau Wood, La Vaequerie, Gonnelleu, Villers Gulsain and Gouzeaucourt.

Pushed back at some places as much as two miles, by fighting that lasted from 10 o'clock in the morning until 3 o'clock in the afternoon, Byng's fighters reformed for a counter attack.

The same great regiment of tanks that smashed a way to victory in the surprise battle, was called on again. They lumbered from their retreats. Once again they trundled to the battle. It was these monsters that cleared Gouzeaucourt. The enemy could not withstand them. They rushed human walls of enemy soldiers. In their wake came the infantry. The fighting was furious.

When it was over and the British were once again firmly established in Gouzeaucourt, the streets were paved with German dead. The ruins were festooned with their corpses—bodies either flung aside by the tanks or victims of the British machine guns or sabres.

WAR COUNCIL HOLDS SESSION AT PARIS

Paris.—The allies' supreme war council met here and for the first time America broke her tradition of splendid isolation from Europe's wars—to lend her aid in the world war for democracy.

The meeting of the council was attended by Premier Lloyd George and General Wilson for Great Britain, Colonel House and General Bliss for the United States, Premier Clemenceau and General Foch for France, and Premier Orlando and General Cadorna for Italy. Members of the council sat in seclusion, the hotel being guarded carefully by police to keep out intruders. It is expected that the deliberations will result in the formulation of a joint military policy for the western front.

U. S. ENGINEERS IN BATTLE

Men Pinned Between Opposing Fires On Battle Front.

With the British Army in France.—Large numbers of American army engineers working on the British railways in the region of Gouzeaucourt, caught in the German turning movement, escaped by lying in shell holes and prone on the ground while the British fired over them. There they remained until the British were near enough to enable the Americans to join the ranks when they fought valiantly and played an important part in replying to the enemy.

The British commanders refer to their valiant behavior with the greatest enthusiasm.

The engineers were mainly from New York.

Russian Armistice Partly Operative.

Amsterdam.—An armistice was agreed to Saturday with the Russian army, according to a Berlin dispatch. It was to begin at 10 o'clock on the evening of Sunday, when hostilities were to be stopped and arrangements made concerning intercourse between the lines, troop movements in the trenches and work and air activity. Forty-eight hours' notice was fixed for announcement of the armistice, which covers the territory from the south bank of the Pripiet to south of Lipsa.

Scandinavians to Remain Neutral.

Christiania.—Norway, Sweden and Denmark have entered a new agreement to observe the "utmost neutrality." An official statement announced this result of the conference of the Scandinavian kings and statesmen held here.

\$1,000,000 Incomes Are Almost Double.

Washington.—Income tax figures made public show the government has collected taxes on almost twice as many \$1,000,000 incomes this year as last.

LORD LANSDOWNE

Lord Lansdowne, whose suggestion that peace terms be sought has aroused much hostile criticism in England.

NATIONAL GUARDSMEN ARRIVE IN FRANCE

American Training Camp in France.—A large number of national guardsmen from every state in the union have arrived in France, it is permitted to be announced.

While it is not permitted to disclose the identity of units, it may be said that all those which sailed from the United States have arrived safely and that some already are in training within sound of the guns on the battle fronts.

They found the regular army had made good preparations for them, and while many are billeted in houses in French towns, others have been quartered in low wooden barracks specially erected.

The troops from the various states have been recognized by the French population and have been welcomed enthusiastically. Many of the units on arriving in billet towns wore the French red, white and blue cockade pinned to their campaign hats. These were given to the soldiers when they landed at base ports.

After a sufficient time to rest from the journey, which in some cases has been extremely tiresome, the troops have been set at work training for actual service at the front. In all quarters they are declared to be most enthusiastic, and their soldierly qualities have drawn high praise from the French instructors.

BRIEF WAR NEWS

Units of national guardsmen from all the states in the country have arrived in France.

Germany claims to have captured 4000 prisoners in powerful thrusts against the British lines around Cambrai.

The all-important inter-allied conference has begun its sessions in Paris. Fifteen nations were represented at the first meeting.

Following Germany's announced willingness to treat with the Russian Bolsheviks for an armistice having as its purpose ultimate peace, comes the statement that Austria-Hungary is likewise disposed.

On the Italian front the fierce engagements by infantry, in which the men often came into hand-to-hand encounters, have turned into duels with the big guns in the hilly regions north of the Venetian plain and along the middle and lower Piave river.

The letter of the Marquis of Lansdowne, one of Great Britain's leading statesmen, pleading for a restatement of the war aims of the entente allies and favoring an attempt to secure peace before "the prolongation of the war leads to the ruin of the civilized world" aroused bitter discussion in England.

Germany loosed a surprise attack over practically the entire arc which her troops lost in the British surprise drive last week. Taking her cue from that British victory, the Germans used no artillery preparations, but failed to break the British grip on Cambrai, though at the impact they forced the Tommies back two miles in several places.

Troops Injured in Train Wreck.

Rockford, Ill.—Thirty-seven privates of the 86th division of the national army and five civilians suffered minor injuries when a special troop train on the Illinois Central was derailed near Granger, Ill. They were reported in no danger.

American Soldier Killed by Mexicans.

Indio, Texas.—One American cavalryman, a Mexican foreman of an American cattle ranch and 35 Mexicans were killed in a battle at Buena Vista, a small hamlet on the Mexican side of the Rio Grande a few miles from here.

SECOND SESSION OF CONGRESS OPENS

Making Provision For Carrying On the War Will Be Principal Duty.

Washington.—Congress reassembled Monday for what promises to be another epochal session. Increased determination of the American people for vigorous prosecution of the war to victory was the message universally brought by the returning members.

The principal work of the session will be to make provision for carrying on the war during the fiscal year beginning July 1, 1918, and to provide for such deficiencies as have been created in the earlier war preparations. Appropriations and revenue will come foremost; then there will be a flood of necessary war legislation, and the changing of war measures enacted at the past session. In addition to this, the usual appropriations must be made and a certain amount of general and local legislation put through.

Opening Session Short.

Monday's session was short. Immediately after appointing committees to notify the president that the second session of the sixty-first congress was in readiness, adjournments were taken out of respect to members who died during the recess.

Tuesday President Wilson delivered his annual opening address in the house chamber at 12:30 P. M., at a joint session.

Completion of unofficial estimates of probable appropriations for the fiscal year ending June 30, 1919, gave rise to the belief that they will total from \$2,000,000,000 to \$5,000,000,000 less than the \$18,000,000,000 for the year ending June 30, 1918. This belief is based largely on the premise that it is unlikely that another \$7,000,000,000 allied loan bond will be presented this session.

Little Business Effected Before Xmas.

Little business is expected before the Christmas adjournment. A week-end recess probably will be taken to have appropriation committees begin surveys of supply measures, and the house is not expected to get into its stride until after the Christmas holidays, when a stream of appropriation bills will be in flood. Few members expect the session to end before the fall congressional elections. Senator Martin, democratic leader, predicted that the session would last until next August, while many members believe it will merge with the final session of the sixty-fifth congress next December.

WAR ON AUSTRIA IS RECOMMENDED

Washington.—Immediate declaration of war against Austria-Hungary was recommended to congress by President Wilson in his message. The president did not, however, recommend a declaration of war against Turkey and Bulgaria at this time.

Immediate war against Austria, the president told congress, was necessary to meet the anomalous situation the United States faces in its war with Germany, even though Austria was not her own mistress and merely a vassal of Germany.

The same logic, he said, would lead to war against Turkey and Bulgaria, but they do not yet, he said, stand in the path of the United States in its war against Prussian autocracy.

In ringing, definite terms, the president declared that nothing shall turn the United States aside until the war is won and Germany is beaten. All talk of peace, he pronounced out of the question.

Peace, the president declared, could come only when the German people make it through rulers the world can trust; when they make reparation for the destruction their present rulers have wrought and when Germany recedes from all the territory acquired by armed conquest.

The international character of President Wilson's address to congress is indicated by the fact that the government already has placed it for simultaneous publication in practically every capital in the world.

War Balloon Escapes at Omaha.

Omaha, Neb.—A new French type balloon, filled with 35,000 cubic feet of gas, broke loose from its moorings at Fort Omaha while on a trial flight. There were no men in the bag, which carried 6000 feet of steel cable trailing beneath, and did considerable damage in passing over towns in Kansas and Missouri.

Protest Filed Against Armistice.

Petrograd.—Major Keith, American military attache, has been instructed by Ambassador Francis to make a protest on the part of the United States similar to that entered by the head of the entente embassies here, to the negotiations for an armistice between Russia and Germany.

REPORT OF THE CONDITION OF THE FIRST NATIONAL BANK

at Cottage Grove, in the state of Oregon, at the close of business, November 30, 1917.

RESOURCES	
Loans and discounts	\$168,871.32
Overdrafts, secured, unsecured	800.93
U. S. bonds (other than Liberty Bonds) deposited to secure circulation (par value)	12,500.00
