What Every Woman Wishes

AND EVERYONE SHOULD KNOW

EVERY woman, be she young or old, who needs to wear glasses, wishes to appear her best when wearing them.

To all women who take pride in their personal appearance, we have a message that will interest them greatly.

It is no longer necessary to detract from one's looks through having to wear glasses.

In fact perfectly fitted lenses, of just the proper size and shape, will make the eyes appear more lustrous and give them a brighter, snappier look than going about without them.

The beautiful new mountings which we are fitting are commendable for their style and modishness. Save Your Eyes.
