

Why That Lame Back

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Cottage Grove resident's example.

Mrs. C. G. Rozine, south Second street, says: "My back was lame and stiff sometimes, without warning sharp pains caught me in the small of it. A box of two of Doan's Kidney Pills stopped the pain and put my kidneys in good order. They have been used in my family with good results, too."

Price, 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rozine had. Foster-Milburn Co., Props., Buffalo, N. Y. dec13-20

4000 ESTIMATED DEAD IN HALIFAX

Hundreds Consumed By Fire and Whole Neighborhoods Wiped Out.

Halifax, N. S.—Four thousand dead is the estimate of the superintendent of morgues of those who perished by shock or fire when the ammunition ship Mont Blanc blew up in the harbor here. Hundreds, perhaps thousands, of bodies have been consumed by the flames and in scores of cases not only whole families, but whole neighborhoods, have been wiped out, and the names of all their dead may never be known.

This estimate of 4000 dead was made after a survey of the devastated district of Richmond, where acres of debris probably will not be cleared for a month.

The Richmond district, in the north end, where the poorer people lived, extends along the Narrows, a channel rightly named. It was in these waters that the French munition ship Mont Blanc, inward bound, with a government pilot aboard, was rammed amidships by the Norwegian steamer Imo, proceeding outward with a cargo for the relief of the Belgians.

How this crash, not of itself serious, ripped open on the decks tanks of benzine that trickled down to the engine room and started a blaze that wrecked part of Halifax will never be explained to the satisfaction of the people here.

Nearly every house in the district fell with a crash. In nearly all of these fires started men, women and children—mostly children—were crushed to death or mangled under the debris which a moment later was a roaring flame.

The property loss, variously estimated at from \$20,000,000 to \$50,000,000, probably will prove to be nearer the minimum figure.

ITALIANS CHECK ENEMY THRUSTS

Italian Headquarters in Northern Italy—The battle of Asiago has been virtually suspended, with the enemy checked, if not defeated, in his main design of breaking through to the Brenta valley and the plain a few miles below, although he succeeded in advancing his lines a short distance when the Italians fell back to new positions. These positions, guarding the Frenzla and Gadena passes, have successfully resisted all enemy efforts.

It will be cheering news to the allied world that French and British reinforcements have taken their place on the Italian front.

Besides their powerful material they bring the benefit of three years experience of the hardest fighting fronts of France. All this counts for restored confidence, and from Venice to Treviso the people are breathing easier, for they know that the English, with the Highlanders, Welsh Irish and Colonials and the French are in actual fighting front.

TEUTONS MOVE FORWARD

Area Vacated by General Byng Recaptured by Germans.

British Headquarters in France.—The Germans have recaptured the devastated area bequeathed to them by the British when General Byng made his withdrawal from the Cambrai salient.

It was an unsavory task that faced the enemy. The Bourlon wood still was reeking with poisonous gas. Grain court, Annex, Cantaling, Noyelles Marcoing and Masnières were a waste of ruins, and the low-lying ground on which the Germans apparently had planned to dig their new trenches were overlooked by the British post-tions.

Into this desert the big guns hurled tons of explosives and machine gunners sent a constant stream of bullets into the ranks of the enemy sent forward to prospect for desirable points available for defense. Meanwhile the major portion of the British army was sitting comfortably in their new home in what was formerly the famous Hindenburg trenches.

The withdrawal leaves the British in full possession of the Hindenburg line between the Nord canal and Villers-Plouich.

Finn Republic Proposed.

Stockholm.—A proposal submitted to the Finnish landtag by the senate provides that Finland shall become a republic, with a president elected for a term of six years, according to advices reaching here from Helsinki.

British Capture Jerusalem.

London.—Andrew Bhear Law, chancellor of the exchequer, announced in the house of commons that Jerusalem, after being surrounded on all sides by British troops, had surrendered.

LIEUTENANT HARDEN

First Lieut. D. H. Harden, of the signal corps, the first American officer wounded in France.

GERMANY PREPARING FOR MIGHTY BLOW

Washington.—Germany has massed on the western front her greatest army of the war, Secretary Baker declares in his weekly war review. To meet this menace, the United States must speed up its military preparations, the secretary adds, with a warning that the enemy is preparing to put into execution in France plans he has been maturing since the defeat of the Russian armies at Tannenberg early in the war. The peace negotiations with Russia have permitted the massing of men on the western front for that purpose.

The review asserts the German counter offensive on the Cambrai front has been successful in winning back less than one-third of the territory captured by General Byng. The statement also notes that American engineer troops, "exchanging shovels for rifles, fought off the enemy side by side with the British."

The lesson of the German exhibition of strength is then taken up: "This German parrying thrust, the most powerful and successful blow aimed at the British during the past two and one-half years, coming as it did immediately after the British victory in the same area, serves to emphasize the reviving strength of the Germans in the west."

BRIEF WAR NEWS

Prisoners taken in the great renewed Italian drive reached a total of 16,000. The Austrian war office announced.

Hostilities have ceased on the Russian front from the Black Sea to the Baltic, as a result of the 10-day armistice, signed last week.

The cessation of hostilities along the eastern front has extended to that part of the line held by the Roumanians, according to an official communication from Jassy.

Little infantry action is in progress on the front in France and Belgium, although on various sectors from the North Sea to the region of Verdun mutual bombardments are ensuing.

In the Verdun sector the Germans have made another attempt to pierce the French lines in the region of Bezonvaux, but were repulsed after somewhat brisk fighting and suffered considerable casualties.

Civil warfare in Russia apparently has come. General Kaledines, the leader of the Don Cossacks, supported by General Korniloff, former commander-in-chief of the Russian forces, is declared in an official communication issued by the Bolshevik government, to have raised the standard of revolt in the Don Cossack region against the people and the revolution.

The Italians have succeeded in keeping back the rush of the Austro-German forces from the Asiago plateau region to the plains of northern Italy. Although the enemy had bent back the line of the defenders to a point where it seemed that it must give way under the pressure of overwhelming numbers, the Italians, reinforced by British and French troops, have, for the moment at least, brought the fighting to a pause.

Austrians Are Being Rounded Up.

Washington.—The roundup of Austro-Hungarian enemies is in progress throughout the United States with agents of the department of justice being assisted by local authorities. With the declaration of war, more than a million subjects of Austria-Hungary living in this country were added to the lists of alien enemies.

Prohibition Bill Introduced in Senate.

Washington.—A bill providing for national prohibition during the war was introduced by Senator Shafroth and referred to the agricultural committee.

U. S. DECLARES WAR ON AUSTRIA

Resolution Goes Through Congress Speedily and Is Signed By Wilson.

Washington.—War between the United States and Austria-Hungary was formally declared.

Congress, with one dissenting vote in the house, adopted and President Wilson approved a resolution declaring existence of a state of war between the "imperial and royal Austro-Hungarian government and the government and people of the United States" and authorizing the president to employ the nation's armed forces and pledging its resources to victory.

Representative London, socialist, of New York, who cast the one negative vote, explained his opposition by stating that he was pledged to that course by the Socialist party. Caustic criticism of his position enlivened the public proceedings.

Senator La Follette, of Wisconsin, who opposed war with Germany, was absent when the rollcall was taken and did not vote.

In accord with President Wilson's suggestion action in respect to Turkey and Bulgaria, Germany's other allies, was left to the future. Widespread demand in congress for their inclusion in the declaration was indicated in both senate and house debate, but when the roll call came, the president's advice was followed in a demonstration of American unity and harmony.

U. S. DESTROYER IS SUNK BY SUBMARINE

Washington.—Lieutenant-Commander David Worth Bagley, brother-in-law of Secretary Daniels, and Lieutenant Norman Scott, were among the survivors rescued after the sinking of the American destroyer Jacob Jones by a German submarine in the war zone.

These two officers, two warrant officers and two enlisted men were named in Admiral Sims' dispatch as survivors in addition to the 37 others reported saved. Officially, 44 of 110 or more officers and men on board are known to have survived, including one unidentified man picked up and carried off by the submarine that struck the blow.

The report indicates that the craft stumbled into the path of the submarine by unlucky chance, and that the torpedo went home in such a vital spot that the vessel was sinking even as the flare of the explosion died out. Night was at hand. There was no time to make provision against the cold and the sea as the crew leaped to the life rafts.

MIDDLE WEST HAS WINTER

Zero Temperatures Prevail From the Rockies to Alleghenias.

Chicago.—The middle west was in the grip of winter. Zero temperatures prevailed from the Rockies to the Alleghenias and as far south as the Ohio river valley. A heavy snowfall and high wind accompanied the cold snap in many sections.

The advent of below zero weather put an end to traffic on the Great Lakes, as the harbors are frozen. Much iron and copper ore, badly needed in munitions factories, will have to be transported by rail.

Dispatches from Iowa, Minnesota, the Dakotas, Montana, upper Wisconsin and Wyoming tell of the coldest weather of the season, dropping in some instances to 25 degrees below zero.

Prohibition Upheld By Supreme Court

Washington.—With a decision upholding the Idaho prohibition law, the supreme court gave an opinion which may be one of the most far-reaching victories for "bone dry" prohibition yet recorded. It was held that a citizen has no constitutional right to possess liquors for his personal use if the state wishes to forbid it.

Charges Against Mayor Gill Ordered.

Seattle, Wash.—By a vote of 6 to 2 the city council adopted a report of the judiciary committee, requesting Corporation Counsel H. M. Caldwell to prepare impeachment charges against Mayor Hiram C. Gill. The charges will be based on an allegation that Mayor Gill willfully violated his duty in failing to suppress vice.

California Women to Do Jury Duty.

San Francisco.—Women will be placed on venires from which juries will be drawn to serve in the superior courts of San Francisco, and probably all superior courts of California for the first time next year, it was announced by judges here.

Ecuador Breaks With the Kaiser.

Quayquil, Ecuador.—Ecuador has severed diplomatic relations with Germany.

WHEN THE WAR WILL END.

Inquirer, N. D.—I write to find out when the war will end. It ought to be plain to those who started it—editors and other grafters.

Ans.—Thanks for the good will expressed. Really I do not know. The situation is perhaps best described by the lines:

Absolute knowledge I have none,
But my aunt's washerwoman's sister's son
Heard a policeman on his beat
Say to a laborer on the street
That he had a letter just last week
Written in the finest Greek
From a Chinese cook in Timbuctoo
Who said the negroes in Cuba knew
Of a colored man in a Texas town
Who got it straight from a circus clown
That a man in Klondike heard the news
From a gang of South American Jews
About somebody in Havana
Who heard a man who claimed to know
Of a swell society female fake
Whose mother-in-law will undertake
To prove that her seventh husband's
sister's niece

Had stated in a printed piece
That she has a son who has a friend
That knows when the war is going to end.

Mole Pelts Bring Money.

Eugene Register: Glenn Bailey, a 14-year-old boy living near Eugene, makes a specialty of trapping moles, and realizes a good sum from the sale of the pelts. There is no bounty on those creatures, as there is in some counties of the state, but the boy sells the skins to furriers. So far during the year Glenn has caught 165 of the rodents and has sold the skins for \$35.

The boy is not trapping now, as the moles are moulting and the skins are black. He gets from 5 cents to 35 cents each for the pelts.

CHANGE OF ADDRESS SHOULD BE GIVEN TO LOCAL BOARD

Miscarriage in Mails Is No Excuse for Not Complying With Draft Law.

Portland, Ore., Dec. 5.—Every man registered under the draft law who has changed his residence or postoffice address should immediately, without fail, notify his local board of his present address so that he will receive the questionnaire he is required to fill out under the new draft regulations.

This applies to all registered men, even those previously exempted or discharged from the draft are automatically revoked on December 15.

The questionnaires will begin to be sent to registered men on December 15. Each man will have seven days, in which to fill out answers to the many questions asked and return the questionnaire to his local board.

Failure to answer the questionnaire and return it to the board within the seven-day limit will endanger a man's right to claim exemption, regardless of whether or not he received the questionnaire.

The Sentinel has several inquiries every week for sample copies from out-of-state people figuring on locating here. Those having real estate for sale should put their ad. in The Sentinel, so that it may be seen by these prospective settlers.

Legal blanks of every kind for sale at The Sentinel office.

Notice of Final Settlement.

Notice is hereby given that the undersigned administratrix of the estate of James Hemenway, deceased, has filed her final account in the county court of Lane county, Oregon, in the matter of said estate and that Friday, the 21st day of December, A. D. 1917, at the hour of 10 o'clock a. m. of said day has been fixed by said court as the time for hearing and passing upon said final account and objections thereto, if any, and for the final settlement of said estate, said hearing to be had at the office of the county judge in Eugene, Lane county, Oregon.

Dated this 21st day of November, A. D. 1917.

CARRIE HEMENWAY,
Administratrix.

NOTICE FOR PUBLICATION.

Department of the Interior, United States Land Office at Roseburg, Oregon, November 17, 1917.

Notice is hereby given that Harry H. Hebert, of Oakridge, Oregon, who on February 24, 1911, made homestead entry Serial No. 06984, for a tract of 158.91 acres in approximately surveyed Sec. 14, Tp. 21 S., R. 4 E., Williamette Meridian, described by metes and bounds as follows: Beginning at Cor. No. 1, from whence U. S. L. M. No. 77 bears S 88 degrees 42 minutes W., 24.63 chs.; thence N. 89 degrees 59 minutes E., 61.12 chs.; thence N. 26 chs.; thence S. 89 degrees 59 minutes W., 61.12 chs.; thence S. 26 chs. to place of beginning, has filed notice of intention to make final five-year proof to establish claim to the land above described, before E. O. Immel, U. S. Commissioner, at his office at Eugene, Oregon, on the 8th day of January, 1918.

Claimant names as witnesses: Charles E. Hebert, of Oakridge, Oregon; Walter G. Hamer, of Oakridge, Oregon; A. D. Bulk, of Oakridge, Oregon; C. E. McClane, of Oakridge, Oregon.
