### Why Not

Why not buy a used car for this wet, muddy weather, get your money out of it later on and get a new car for the summer season, or

Why not buy a used car and use it both winter and summer? You can get the same service for less money, if you are not too particular about the looks of the car.

Why not learn to drive with a second-hand car? You can learn just as well. Then if you have any accidents the damages are not so great.

Why not buy that 1912 Flanders 20? Not as good-looking as a new car but a mighty good bargain at \$200; or

What's the matter with this 1913 Paterson at \$210? Lots of power and a big bargain; or

Try this E. M. F. 30 at \$250; good tires and a bargain at \$250; or

If you want speed, here it is in this Buick speed roadster. In fine mechanical condition and can do 90 an hour if you're willing to take chances with the cops and with your own carcass; or

If you want class at less than the price of a new car, here's exactly what you want in a 1913 Overland, model 71, equipped with self-starter. Just as good as new for every purpose and a fancy bargain at \$600; or

Perhaps you could use a motor truck. If so, we have that, too. A Studebaker combination truck with good tires and in first-class condition. It will soon pay for itself at \$750.

### Why Not

talk to Woodson Brothers about one of these exceptional bargains?

## Electric Light is the best light—Electric Power is the best power

You can have electricity right in your home. This plant brings you the many labor saving devices the city dweller enjoys. It gives you light—ready for use every hour of the day and night. The snap of a switch floods the house and barn with as much light as you could wish for. Snap another switch and the motor turns the washer and wringer. It's easier to snap a switch than it is to fill and clean oil lamps. It's safer and better light, and it saves a vast amount of work when electricity does the washing and the other distasteful tasks. Install a

## Western Electric FARM LIGHTING PLANT

**LIGHT** for House, Porch, Driveway, Barn, Dairy, Stable, Garage, etc., County House, Stores, Churches, Grange Halls, Schools, etc.

Begin right now and enjoy this boon of electricity. The Western Electric Farm Lighting Plant can be installed on your place with little trouble and small expense. You owe it to yourself to know just what electricity will do to help make the day's work lighter and the evenings brighter.

**POWER** for Washing Machine, Vacuum Cleaner, Dishwasher, Sewing Machine, Fan, Electric Iron, Running Water, Churn, Separator, Fanning Mill, Grindstone, Feed Cutter, etc.

## See what it will do for you A. S. MYERS, AGENT
