HONOR GUARD NOTES.

Corps I met Monday evening with a majority of members present. All members should attend as the work of this corps is very important, not only in war times, but in everyday life. The knowledge you gain in this first aid to the injured course may be the means of saving the life of a friend or neighbor. This is an eminently practical study. Each member must have text books and read the lessons carefully.
 Our masquerade ball, given Feb. 16, was successful. In behalf of the Honor Guard we wish to thank Mrs. E. A. Garetson, Jr., who so kindly donated her services as pianist. The decoration committee should also be commended for their work.
 Miss Fern Holcomb is associate editor of the Honor Guard Magazine. Honor Guard girls are requested to hand all literary material to Miss Holcomb not later than Monday, Feb. 25, for the March issue. Jokes, poems, stories, personals, and all Honor Guard activities are acceptable. Members who wish to subscribe to the magazine must notify the secretary, Miss Ruth Jorgenson, at once. Subscription rate, 5c a month, payable in advance. Quite a number of girls have already paid up subscriptions.
 The net proceeds from the supper given Jan. 19 by the Affiliated Societies for War Relief, which includes the Honor Guard, will be sent to Armenia. This will amount to about \$45. Old clothes recently collected probably will be given to different societies for relief in this country as we learn that the government cannot spare shipping facilities to European countries for this purpose.

RED CROSS NOTES.

During 14 days the superfluity store has sold \$11.80 worth of goods.
 The clothing collected by the school children for the Armenians, and which cannot be shipped on account of there being no available steamship space, has been given to the Red Cross and much of it will be disposed of through the superfluity store. There are a number of desirable articles, such as coats, waists, sweaters and underwear.
 Donations of food for the superfluity store are very desirable, but donors are asked to observe all food regulations in making things for sale through the store. Use as little as possible of wheat, sugar and fats.

The following articles were shipped this week: 24 pajama suits, 8 bed shirts, 9 pairs bed socks, 24 wash cloths, 57 knitted helmets, 11 pairs wool socks, 2 sweaters and 820 surgical dressings.

AND NOW THEY ARE COOKING TOBACCO TO MAKE IT BETTER

For a good many years The American Tobacco Company have been conducting a series of experiments having as their object the improvement of smoking tobaccos.
 And it is interesting to know that one of the greatest of their discoveries was one of the simplest, and that was, that cooking or toasting tobacco improved it in every way, just as cooking most foods improves them.
 They took a real Burley tobacco, grown in this country; toasted it as you would toast bread, moistened it to replace the natural moisture driven off by toasting, made it into cigarettes, called them "LUCKY STRIKE, the toasted cigarette," and offered them to the public.
 The result has been the greatest demand ever created for any tobacco product in a similar length of time.
 The change produced by toasting is not only most wholesome, but the flavor is greatly improved, just as cooking improves meat, for example.

It Is Serious

Some Cottage Grove People Fail to Realize the Seriousness of a Bad Back.
 The constant aching of a bad back, the weariness, the tired feeling, the pains and aches of kidney ills may result seriously if neglected. Dangerous urinary troubles often follow.
 This Cottage Grove man shows you what to do.
 D. C. Hubbard, retired farmer, 640 Sixth street, Cottage Grove, says: "I have used Doan's Kidney Pills off and on for the past ten years. Whenever I have noticed that my kidneys were not acting properly, I have used Doan's Kidney Pills and they have soon put them in good working order. It is Doan's Kidney Pills that are responsible for my present good health."
 Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hubbard uses. Fuster-Milburn Co., Props., Buffalo, N. Y. 122ml

Providing Banking Protection

The vast resources of the Federal Reserve System, now over a thousand million dollars are contributed by the depositors in banks which, like ourselves, are members of this great system.
 The largest and the smallest of our depositors each contribute in the same proportion to this fund, which gives protection to all.
 If you haven't this protection already you ought not to delay. You secure it the moment you become one of our depositors.

MAXWELL

\$1195
F. O. B. DETROIT

There is inflexible logic in the fixing of that price for the Maxwell closed cars. The purpose of the Maxwell builders was to strike the MIDDLE LINE of absolute value.
 They have done so with scientific accuracy.
 The Maxwell closed cars have grace, beauty, comfort, efficiency, durability, economy and standard equipment.
 But, if built to sell for less than \$1195 one or the other of these would be lacking.
 On the other hand, for a higher price you could get only larger size or fancier furnishings—not any greater VALUE or finer "class."
 That is what we mean by "the Middle Line."
