AMERICANS DEFEAT BIG GERMAN ATTACK

Yankees Beat off Strong Force of Best Picked "Shock" Troops.

With the American Army in France—The three recent raids, one in the Toul sector and two along the Chemin des Dames, have demonstrated that the American soldier, notwithstanding his previous experience, now is perfectly at home in a gas mask and able to fight just as well with or without it.

The Americans met the best picked troops of the German army—troops of the "shock" type, especially trained for raiding—and beat them at their own game of war.

In the hand-to-hand struggle the Americans lost some in killed and wounded, including officers. A few others were reported missing.

After the fight 12 German bodies were found in the American trenches, while about a score more bodies were seen in the snow and amidst the barbed wire entanglements.

The attack was made in a driving snowstorm against a salient on the American front. A heavy bombardment of the American position accompanied the attack. But instead of finding the Yankees bewildered, stunned and crouching gasmasked in their dug-outs, the Germans met a maddened crowd of battle-hardened, intrepid and excited men and the joy of combat.

Hurling themselves upon the Germans the young Americans fought desperately, entirely smashing the carefully laid booby program. The German survivors were sent scuttling back to their lines, while the American gunners slammed down a violent barrage through which the fleeing troops had to pass. Three German prisoners remained in the hands of the Yankees, two of them having been wounded.

A plan of attack, including a map of the American positions, indicating every dugout, which was removed from the body of the Prussian captain who led the recent assault upon the sector northwest of Toul, shows how completely the Germans prepare their raids, if in fact this was but a simple raid, not having as its ultimate object the retention of a portion of the salient.

The map goes into such detail as to show every machine gun emplacement, every trench and every depression in the ground within the American lines.

RED CROSS CANNOT RECEIVE PERCENTAGE BENEFIT DONATIONS.

Notice has been received from Red Cross headquarters, by local officers, that in future the rule prohibiting the acceptance of percentage benefit donations must be strictly adhered to by all chapters, branches and auxiliaries. Also the raising of funds in the name of the Red Cross is prohibited without the consent of the nearest executive committee of Red Cross chapter or branch. This ruling also includes all auxiliaries.

Creswell Has Home Guard.

Creswell, Ore., March 6.—The second meeting of the home guard was held last evening and over 100 men responded to roll call. They came from a radius of six miles around with automobiles, all enthusiastic for service. The signed enrollment is now over 140.

Captain Devere spoke of securing wooden guns for drill purposes, and it was decided to order some. He also spoke of the advantages of organizing under the state militia, and a large number of the men were in favor of making that form of organization a permanent one.

Unshaken Testimony

Time is the test of truth. And Don's Kidney Pills have stood the test in Cottage Grove. No Cottage Grove resident who suffers backache or annoying kidney and bladder ills can remain unconvinced by this twice told testimony.

Mrs. M. Kesselbeck, Birch and J streets, Cottage Grove, says: "When ever kidney complaint has troubled me I have used Don's Kidney Pills with good results. I am subject to kidney weakness and I was never able to find any medicine that would really help me until I used Don's Kidney Pills. A short use of Don's once in a while keeps me free from all kidney complaint." (Statement given February 22, 1913.)

On March 27, 1916, Mrs. Kesselbeck said: "My estimation of Don's Kidney Pills remains unchanged. I have never had them fail to give me satisfaction whenever I have used them."

Proceed 60c. at all dealers. Don't simply ask for a kidney remedy—get Don's Kidney Pills—the same that Mrs. Kesselbeck has twice publicly recommended. Foster Millburn Co., Props., Buffalo, N. Y.

Providing Banking Protection

The vast resources of the Federal Reserve System, now over a thousand million dollars, are contributed by the depositors in banks which, like ourselves, are members of this great system.

The largest and the smallest of our depositors each contributes in the same proportion to this fund, which gives protection to all.

If you haven't this protection already you ought not to delay. You secure it the moment you become one of our depositors.

WILL CUT TRAIN SERVICE
Locomotives Released Will Be Used For Freight.
Washington.—Passenger train service in the west will be reduced one-third or more by a re-arrangement of schedules to be announced shortly by Director General McAdoo.
Scores of trains on competing lines leaving and arriving at terminals about the same time will be eliminated. Unnecessary trains on many western lines are to be taken off and the locomotives and crews used for essential freight service. There is no thought, however, of making a few western lines the principal passenger carriers as contemplated in the east. Officials also stated that the reduction in schedules will not result in any serious inconvenience to passengers.

12 Americans Taken, Says Berlin.
Berlin, via London.—German forces, attacking the American trenches in the St. Mihiel sector, took 12 prisoners and inflicted heavy casualties, the war office announced.
