THE RED CROSS NURSES OF EUROPE ARE GIVING TOASTED CIGARETTES TO THE BOYS

To anyone who doesn't know of the wonderful advances that have been made in the preparation of smoking tobaccos in the last few years it may sound strange to speak of toasted cigarettes.

Strictly speaking, we should say cigarettes made of toasted tobacco; the smokers of this country will recognize it more readily by its trade name, "LUCKY STRIKE"—the toasted cigarette.

The American Tobacco Company are producing millions of these toasted cigarettes and these are being bought in enormous quantities through the various tobacco funds conducted by the newspapers of the country and forwarded through the Red Cross Society to the boys in France.

This new process of treating tobacco not only improves the flavor of the tobacco but it seals in this flavor and makes the cigarettes keep better.

The Red Cross nurse is always glad to have a cigarette for the wounded soldier, as, in most instances, that is the first thing asked for.

Schoolmates of Leonard Gilerist gave him a surprise party Friday evening, it being his birthday anniversary.
 Mrs. Jessie Gilerist has received a letter from her son, Abner, of the 65th artillery. The letter was written Friday from "somewhere in New Jersey."

What Dye KNOW?

To-day it's a battle of wits—and brains win. Muscle and brawn don't count so much as they used to. The great question now is "What do you know?" It draws the line between failure and success, between a poor job and a good one. What do you know? Have you special ability? Could you "make good" in a big job right now?

For 28 years the International Correspondence Schools have been training men for better work and bigger salaries. They can train YOU, no matter where you live, what hours you work, or how little your education. Mark and mail the coupon and find out—it won't obligate you in the least.
