

After the day's grind, a rest and a chew of Real Gravely. This is solid tobacco comfort and to think—no rest is, too!

His Best Friend Sent Him a pouch of Real GRAVELY Chewing Plug. You will be sending your friend more tobacco comfort and satisfaction in a pouch of Real Gravely Plug than in a half a dozen plugs of ordinary tobacco. Real Gravely is worth sending a long way. It is condensed quality. Give any man a chew of Real Gravely Plug, and he will tell you that's the kind to send. Send the best! Ordinary plug is false economy. It costs less per week to chew Real Gravely, because a small chew of it lasts a long while. If you smoke a pipe, slice Gravely with your knife and add a little to your smoking tobacco. It will give flavor—improve your smoke. SEND YOUR FRIEND IN THE U. S. SERVICE A POUCH OF GRAVELY. Dealers all around here carry it in 10c pouches. A 3c stamp will put it into his hands in any Training Camp or 2c stamp of the U.S. Army "over there" a 3c stamp will take it to him. Your dealer will supply envelope and give you official directions how to address it. P. B. GRAVELY TOBACCO COMPANY, Danville, Va. The Patent Pouch keeps it Fresh and Clean and Good. It is not Real Gravely without this Protection Seal. Established 1831.

Notify George Christensen, R. 3 Eugene, Oregon. a5 19pd rural or farm communities in quantities in excess of one-half barrel, without written permission from the federal food administrator of the state in which the buyer is located. Licensed mills shall not sell or deliver to any consumer an amount of wheat flour in excess of a thirty-day supply for the consumer's household, without written permission from the federal food administrator of the state in which the consumer is located. Licensed mills shall not sell or deliver wheat flour to a consumer unless such consumer makes a bona fide purchase, at the same time, of an equal amount of wheat flour substitutes. The above rules do not apply to flour delivered in exchange for wheat where the farmer brings to the mill wheat grown by himself, which can be and is ground by that mill. The amount of flour delivered to any farmer by a miller in exchange for wheat shall not, when added to what the farmer already has on hand, be more than enough to give the farmer a thirty-day supply for his household. No miller shall make any exchange of flour for wheat without the substitutes until he obtains from the customer a written statement that the wheat was grown on the customer's farm and that the flour to be delivered, when added to what the customer already has on hand, will not exceed a thirty-day supply for his household. This statement must also say that the customer will not sell, lend or deliver any of such flour to anyone outside of his own household or establishment, or permit such flour to be used for other than human consumption. If a farmer distributes wheat flour to his neighbors, mills must not again deliver him any flour in exchange for wheat.

TWO NAMES OFF FLAG; TWO ON; TOTAL REMAINS THE SAME

It has been found that at least two of the names published last week as those of boys in the service that did not belong there. Loren Hazzard and Clair Spray tried to join Uncle Sam's forces but were rejected. The name of Gilbert Wiseman was overlooked. Gilbert Elosha Hage has since been called for the draft army. Thus the flag loses two stars and gains two, leaving the total of 160.

It Cost the Average Family Less Than 10c Per Week for Packer's Profit in 1917. The Meat Bill is one of the large items in the family budget but less than 10 cents per week of it goes to the packer in profits. In converting live stock into meat and getting it into the hands of the retail dealer, the packer performs a complex and essential service with the maximum of efficiency. The above statement is based on Swift & Company's 1917 figures and Federal Census data: Swift & Company's total output (Meat and by-products) - 5,570,000,000 Pounds Swift & Company's total Profit - \$34,650,000.00 Profit per pound - \$.0062 U.
