

Poison Prevention RX

National Poison Prevention Week March 15-21, 2015

More than 2 million poisonings are reported to poison control centers each year, and more than 90 percent of these poisonings happen at home. One way you can poison-proof your home is to securely store medications in their original labeled containers. For more poison prevention and emergency response tips, visit aapcc.org today.

With us, the possibilities are endless, and you'll make a bunch of new friends who just can't wait to go with you. Together, you'll find out you're capable of more than you ever imagined.

WAYS TO VOLUNTEER

Be the troop leader that supports her every week—the one that watches her smile get bigger as she grows more confident. Mentor a Girl Scout Cookie Professional during cookie season so she can earn enough to reach the goals she and her troop set. Or work with other adults to provide the kind of behind-the-scenes support that makes it possible for her to make amazing new memories at Girl Scouts.

Whether you can give a few hours, a few weeks, or a few months, volunteering with Girl Scouts is flexible and fun.

When you buy Girl Scout Cookies, you make adventures possible with every box.

Will your Girl Scout Cookie Professional help the local animal shelter across town? Cross the country to see the Washington Monument or the Grand Canyon? Cross an ocean to fly through the rainforest on a zip line? It's up to her and her troop.

When girls participate in the Girl Scout Cookie Program, they get more than new adventures. They develop important life skills—goal setting, decision making, money management, people skills, and business ethics—that will set them up for success beyond anything they can imagine.

That's why we ask you to buy the delicious cookies you crave all year from your local Girl Scout Cookie Professional—not from her parents. You will enjoy your favorite cookie even more knowing you helped her do all the amazing things she's got planned for this year.
