The first meeting of the Cottage Grove Youth Advisory Council (YAC) was held Nov. 2 and 13 youth from throughout the community joined YAC. The maximum membership for the YAC is 17, so there is still room for four more youth to join with the YAC for the 2015-16 year. Any youth interested should contact the City Manager's office for details. Annual leaf pickup begins Nov. 16

Just a reminder that the Public Works Department will begin collecting residential leaves from City streets during the following three time periods: Nov. 16 through the 20, Dec. 14 through the 18, and Dec. 28 through the 31. Last year, the Public Works Department collected 94 dump truck loads, or 940 cubic yards, of leaves from City streets. The total cost to the City for providing this service last year, in labor, equipment, and fuel, was \$11,705. For specific tips on leaf placement in streets and other safety considerations, review the Leaf Pickup Brochure online at www.cottagegrove.org or call 541-942-3349 to request a copy of the brochure.

Drinking Water Protection Plan panel presentation

Last Monday, Public Works Director Jan Wellman participated in a panel presentation highlighting the city's Drinking Water Protection Plan and two-phase implementation strategy. The panel presentation was part of the three-day 2015 Gathering for Conservation conference held at the Valley River Inn in Eugene. Other panel participants included Jacquie Fern from DEQ, Guy Sievert with E-System Services, and Pam Reber with the Coast Fork Willamette Watershed Council. Pam and Guy were hired by the City to develop the phase one and phase two implementation strategies for the City's drinking water protection plan. The City received two separate grants totaling \$38,250 to fund this effort. The Gathering for Conservation event was a fully integrated joint conference planned by the Oregon Conservation Partnership, offering programming for watershed councils, conservation districts, and statewide agency partners over three days.
