Shane Reimchi

I am thankful for my parents because they take care if me and they help me with my homework. Another think I am thankful for is my school because other kids around the world don't get to go to school and get an education instead they have to work. They kind of have a have a hard life. It's sad because they don't get to go to school. Something else I'm thankful for is America because it has good schools.

Stephanie Rodrigues

I am thankful for having my loving, carin family and having them there to support me. When I fall they always help me out. I ask my Dad on day for training wheels on my bike he said no you don't your not old enough to ride without training wheels. My big brother Shawn and my Dad taught me how to ride without training wheels. I love my family, they help me time and always there for me.

I am thankful for my brothers

Knee being okay. Because on day he and my Dad went hunting, my brother was messing with a cow call. My dad had arrows for a bow on his waist. My dad stooped. My brother didn't realize and hit his knee on an arrow, He said:"I didn't feel the pain until I took a step," My Dad carried him a mile to get him to the car so they could rush to the hospital, Then we got the phone call that he was in the hospital. He bled a lot. But we were lucky, the arrow didn't hit the bone, hes up and fine.

I am thankful for my loving parents even though they are separated and I live with my mom I still love them both equally. I am also thankful for being able to go to this new school and meet new people. Another thing I am thankful for is my beautiful new house in Cottage Grove that doesn't have black mold like the duplex that I lived in, in Eugene. I am thankful for my wonderful brain and coping abilities. I am especially thankful for amazing fifth grade teachers at my new school Bohemia. What I am most thankful for though is my best friends.

Zen Schnee

I am thankful for my house because if it was raining or snowing then we would not have cover and be freezing. But

we have a house that we can go inside when the weather is bad or to sleep. We could also turn the heat up. I am also thankful for my family because if I didn't have my family I would not have a home. Also I would not have money to pay for heat, house, water and electricity. Also, it would be me by myself. There is two more things I am thankful for the first one is food because you need food to survive. Also, some foods help you grow. The last thing I am thankful for is school because you learn there. They also help you learn what you need to learn. That is what I am thankful for.

Cohen Costa

I am thankful for my family. I am really thankful for my family because without my family I would'nt be standing. I am also thankful for my wonderful house. It's the best, coolest and the only house I want to live in. I have been living in that house since I was a baby. I love it so much. That is why I am thankful for my house and my family. I am also thankful for food because without food I would be starving to death. Those are the things I am thankful for.

I am thankful for my Family. We have allways been there for each other. Family is up and down, you argue, but no one ever stops loving. A home isn't

just floors, rooms, stairs and furniture. NO, home is where the heart is. Make sure your home is filled with love. You wake up every morning and see your family and that is special. This Thanksgiving call all your family even if you guys have been Fighting and you don't won't to be the one who gives up. I've been there a time or more. (more) Have dinner and give thanks just for life, you know what I mean? Be thankful for the people who fought for you the people who fought for freedom. Be thankful for the money and clothes you have. Love is Forever. Love never stops. Love never fades. Call Friends who don't have plans and invite them to pull up a chair and have some fun on this special day. Happy Thanksgiving!

I am thankful for everything I have. But I'm mostly thankful for my family. I couldn't live without them. I am thankful for my 3 pets too, my 2 cats and my hamster, Herbie. Ms. Bascue is someone who teaches me. Without Ms. Bascue, I'd have no idea what lo to a power is! Food, water, and a warm house to live in are things I should be thankful for every single day of my life! Not many people have what I have, that's why my mom tells me to be thakful, and I am. It is selfish and rude not to give thanks. Being thankful is a big thing! I am happy to have friends. My TV, Wii, computer, Xbox, and my ipod are things to be thankful for, but none aren't more important than family. There are so many things to be thankful for that we dont even know. Everyone should be thankful for something!

Emma Cook

I am thankful for my life so I can see my family and friends. It give you a chance to make things right. You can be free and have kinds and watch them grow up to be nice people. You could have a house to go home to your family. If you think about it god made us for a reason. You might not know why but we all have a purpose. You may think why am I here. It is because you may not know or I many not know but you will figure out and when you do it will be amazing. You are special in your own way if people do not see that say that it does not matter because I am thankful and that is all I need to be happy is my family and other people.

I am thankful for all the works that help us get food and raise their kid right. Without food we wouldn't have energy. The people who help the community help the city by cleaning trash up or helping homeless people or kids. They help a lot of people and that's what makes Cottage Grove a great place to live. We also have great teachers that help kids learn. Without teachers kids or parents would not be educated. So that's all the things I'm thankful of.

Virginia Martinez

I am thankful for many things. What I am mainly thankful for is how nice and loving my family is. I know that me and brother Hadyn fight sometimes,

but still love him. I know that my mom and dad get me in trouble sometimes but I still do love them. I even get mad my Halle, but I still love her as well. So I am very, very, thankful for my family. I am very thankful for other stuff too, but not nearly as much as my family. I am thankful for shelter, my body, food and water. Yah! So my list of stuff I'm thakful for would be more than this page.
