STEP 1:

The Business Plan

You will need to invest a little cash to get started. Visit or call a local store to find out the cost of the items you need. Add up your costs to determine your price and profit. Here is what the math looks like:

EXPENSES:

12 lemons cost	\$1.20
1 3/4 cups of sugar cost20
10 paper cups cost60
Total cost for 10 cups of lemonade:	\$2.00

INCOME:

10 cups of lemonade at 50¢ each ...	\$5.00
-------------------------------------	--------

PROFIT:

(The money you make after covering your expenses)	\$3.00
---	--------

On a hot day, you might sell 100 cups of lemonade! How much money would you earn?

STEP 2:

Make Big Signs

Make a big sign to attract people to your stand. If it is OK with your neighbors, put up several signs to direct people to your stand.

STEP 3:

Open Up!

A lemonade stand can be just a box or a portable table. Remember to smile and say "Thank you!" to every customer.

Making Money Grow

Have you heard the phrase, "Money Doesn't Grow on Trees"? The sad truth is, money does not grow on trees. We have searched the world over and can't find one anywhere.

But what if we did? It might look something like this. How much money can you find growing on our silly money tree? (Each "leaf" is a \$1 bill.)

Parents
Discuss with your child ways you earned spending money when you were a child. Help them think of ways they can earn money.

The Big Question

Do you plan how to use your money wisely — for spending, saving, investing and donating? But how do you get money to put in the bank?

It might be nice if people would just give you money. But most people get money by earning it. That means they do some sort of work in exchange for money. This is called **income**.
