The benefits of being right with God

Isaiah 54:17 gives us an amazing promise from God. It says, "No weapon that is formed against you shall prosper, and every tongue that shall rise against you in judgment you shall show to be in the wrong. This [peace, righteousness, security, triumph over opposition] is the heritage of the servants of the Lord [those in whom the ideal Servant of the Lord is reproduced]..." (AMPC).

We have an inheritance from God through a personal relationship with Jesus Christ! It includes His peace, righteousness, security and triumph over opposition. When you get an inheritance, it means you freely receive what someone else has worked for, earned and deserved. It's a gift.

One of the wonderful gifts we get through Christ is God's righteousness. This means we have right standing with Him.

It's so important for us, as believers in Christ, to understand what this really means, because if we don't, the enemy of our souls — the devil — will keep us from enjoying the benefits of righteousness or being made right with God.

Insecurity is an epidemic in our society today. So many people don't really feel good about themselves or "right." Nothing in your life is ever right until you feel right about yourself, and one of the biggest problems people have is the way they feel

about themselves. Sadly, some people spend their whole lives not liking themselves, which creates all kinds of issues they never overcome.

Insecure people often have what I call the Performance-Acceptance Syndrome: they feel like the only way they can be accepted is if they perform the way everybody wants them to perform. The problem with this is that everybody in your life probably wants something different from you. If you spend all of your time and energy trying to give them what they want from you, you're going to lose yourself and end up not having the life you were created by God to have. You're going to be frustrated, discontent and miserable.

I have a couple of questions for you: Do you like yourself? Do you like to spend time by yourself? I love to be by myself, but I know what it's like to experience self-rejection bordering on self-hatred because of the abuse I experienced throughout my childhood. For many years, it caused me to believe something was wrong with me and to have a constant underlying sense of guilt. It made me an insecure, angry adult who was miserable and hard to get along with most of the time.

But until I got serious about my relationship with God and
