Cottage Grove football assistant coach Chris Joyce hits his third of four shots for his team. Coaches and fans all participated in the tournament, including former players and alumni.

that played under Roberts. "We're usually on and off every few years with players participating, but it was nice to have some of the alumni play with us," Roberts said.

First place went to the team of Raymond Bloom, Tony Lefler, Jeff Brunetti and Darren Giffen with a score of 14-under. The game was close all around, but the real story is the money raised to support the local high school football team.

The tournament surpassed its goal and raised a total of \$3,850. Between the 52 participants, that is an average of nearly \$75 per person.

"We got a lot of positive feed-

back. People approached me saying they really enjoyed it and always look forward to it every year," Roberts said.

The tournament was considered a great success by the participants and organizers and was comparable to last year's tournament in terms of turn out and money raised. The money is part of a supply fund that goes to equipment such as practice gear, pads and jerseys. The athletic department was hit with a budget cut earlier this year, but does not affect the funds for things like equipment, therefore there was no added pressure to raise money at the tournament, though the goal was still easily surpassed.
