

Cottage Grove Retrospective

A look back at a Sentinel story from 40 years ago

July 22, 1976 Water fight at the Grand Miner's Parade

Area residence turned out in force Saturday afternoon to catch the Grand Miner's Parade, a highlight of the city's annual Bohemia Mining Days celebration.

The Parade was directed by Cottage Grove Jaycees. Members of the Lane Rural Fire Protection District were just starting out along the parade route of the Bohemia Mining Days annual Grand Miner's Parade, when they were attacked from the rear by members of the Cottage Grove Fire Department. The surprised Lane Firemen had little to fight back with on their old-time engine and they quickly ended up being thoroughly "cooled off" by the Cottage Grove crew.

The winners of the parade in each category are: Riding clubs: Cottage Grove Drill Team, first, and Yoncalla Saddle Club, second.

Marching groups: Drill team from the 13th Naval District, first; Veterans of Foreign Wars honor guard, second; and Marine Corps Color Guard, third.

Horse Drawn Vehicles: Applegate Trail Days court, first; Mon A She Miniature Horse Ranch, second; and Sandra Humphrey, third.

1027 E. Chadwick Ave.

POLICE BLOTTER

Cottage Grove Police Department 24-Hour Anonymous Tip Line: 767-0504

July 11 Animal Information, Fairview Lp.

A complainant advised police that she was walking her dog down a gravel lane by the location in the morning when a large unknown breed of dog jumped over the fence from a residence and attacked her dog. The complainant declined officer contact or to file a formal report as neither her dog nor her child were injured.

Juvenile Problem, S. S. Ct.
A reporting person advised police that fireworks were being ignited again by the same

people. This time a mother was lighting the fireworks and juveniles were riding bikes through the lit fireworks. The mother may have been intoxicated. The officers contacted the subjects, who then stopped for the night. The mother was not intoxicated.

Animal Neglect/Abuse, N. 9th St.
Multiple calls came in regarding a dog tied up in the sun with no water. The second caller advised getting a gun to see what she can do about the problem. The officers then determined the dog was able to get shade and had water not

visible from the road. Neglect or abuse was unfounded.

July 12

Hit and Run, Property, HWY 99

A caller witnessed a brown older pickup truck pull out in front of another car and the car was unable to avoid hitting it. The driver of the pick up said he had to go get his paperwork and left.

Missing Child, Row River Rd.
A reporting person advised that a female contacted him asking about her daughter riding in a

kayak in the river. The reporting person now has an unoccupied yellow kayak on his property.

July 13

Disorderly Subject, Skate Park

A complainant advised police of subjects running out into traffic holding a sign saying "honk if you're horny."

Theft, Gateway Blvd
A reporting person said that a male subject picked up a lottery ticket from a counter that did not belong to him. The situation

was civilly compromised after officers contacted the suspect.

July 14

Domestic Disturbance, Jefferson St.

Multiple callers complained that a male was beating on a female in the parking lot of the Jefferson Park apartments. Both parties then left together. When police contacted the parties, the female was taken into custody on unrelated warrants. The subject was uncooperative and sent to Lane County Jail.

Suspicious Subject, Bohemia

Elementary
A caller advised that an older male (approximately 60-65) was pacing back and forth in front of the school. The subject was contacted and determined that he was just out for a walk.

July 15

Agency Assist, Main St. PD
A complainant came into the police department with a handgun he found on Shoreview near the dam yesterday afternoon. The Lane County Sheriff's Office was advised that the property is at the PD to be picked up.

CITY BEAT

From the City's Friday Update

Oregon City/ County Mgmt. Association summer conference

City Manager Richard Meyers attended the Oregon City/

County Management Association summer conference in Bend this week. Over 100 local government managers attended the conference and discussed a wide range of topics from needed changes to Oregon's land use laws to performance measurement. The managers

had a day of training from the Peter and Susan Glaser on communication skills and got the opportunity to delve into social media, railroad, personnel and bargaining issues and share insights and information.

Communications Specialist Ken Erbes to retire

After 25 years of service to the Cottage Grove Police Department, Communications Specialist Ken Erbes announced his retirement effective Aug. 31,

2016, just two months shy of 26 years of service.

His retirement has resulted in recruitment for a Communications Specialist for the department. The job is posted to the city's website and applications will be accepted until 5 p.m. on July 22.

Teen Tie-Dye at the Library

On Tuesday, July 12, artist Victoria Carnate presented a teen program on tie dyeing. She showed samples of various tie-dyed fabrics and explained how each technique was achieved. Then the 16 participants used rubber bands to prepare their t-shirts, before heading out to the patio area to soak and dye them. Everyone had fun making the shirts and now library staff is anxiously waiting to see the final results.

Accolades for the Water Treatment Plant

On Tuesday, Wednesday and Thursday of last week, Water Production Superintendent Ray Pardee and Public Works Director Jan Wellman attended a membrane technology transfer workshop in Vancouver, Wash. The workshop was sponsored by the Northwest Membrane Operator Association (NWMOA) and was attended by more than 100 participants representing membrane plants, suppliers, manufacturers and regulators from throughout the nine-state NWMOA region. There were numerous educational sessions detailing new technologies and trends in water and wastewater membrane filtration. The workshop also included tours of the North Clackamas Water Plant in Oregon City and the La Center, Washington Wastewater Plant. On the last day of the conference, the Row River Wa-

ter Treatment Plant was named the 2016 Small Membrane Plant of the Year for the NWMOA region

Golf Course aerator replaced

Near the close of last fiscal year, the aerator (fountain) that serves the large pond on the 18th fairway at Middlefield Golf Course failed and was beyond repair. Money was allocated in the FY 2016-2017 budget to replace this aerator. A new Aqua Sonic 3 horsepower aerator was purchased for this pond, and the Public Works facilities crew installed the new aerator last week. The purpose of these aerators is to keep the ponds charged with oxygen, keep them fresh, control algae growth and help to control odors.

The failed aerator was in place when the City bought the golf course and we believe it was original equipment from when the course was built in the late 1980s. The new Aqua Sonic aerator pump and motor will cost the City approximately \$4,000.
