## Latham Elementary

School Supplies Policy  
We are requesting that parents allow us to provide supplies to your child through their classroom teacher. These materials include regular school supplies as well as the curricula consumable materials used in special classroom projects and art projects throughout the school year that are not available for you to purchase on your own. All classroom supplies are put in community boxes to be shared. This way we avoid the upset child whose personal crayons, etc. come up missing. (For parents who enjoy the supply shopping with their child, we encourage you to set up a homework center with all the special, fun items you purchase together.)  
We would like all families to participate in our program so that each child can access all the needed

materials to make their school experience a great success!  
The cost per classroom is as follows:  
• K-4 grades \$25 per student  
• 5th grade \$30 per student\*  
\* Note: This amount includes a binder and student planner.  
Payment is due by September 12, 2016. Checks can be made payable to Latham Student Body.
