HOROSCOPE

ARIES - Mar 21/Apr 20
 Aries, you're not afraid to take risks or go where others fear to tread. Use this trait to your advantage and inspire others to set aside their reservations as well.

TAURUS - Apr 21/May 21
 Taurus, you have a knack for making money this week. Keep abreast of any business ventures that may cross your desk. This may be a lucrative time for you and your family.

GEMINI - May 22/June 21
 Do not leave anything until the last minute this week, Gemini. It's best to get all of your work done as early as possible, just in case some fun pops up for the weekend.

CANCER - June 22/July 22
 Cancer, if you have been waiting for some sort of compensation, this could be the week that it arrives. Remain patient and that patience will ultimately be rewarded.

LEO - July 23/Aug 23
 This may be a dull and lazy week, Leo. But that can be a good thing. This means you can recuperate from anything that has been ailing you, or just relax.

VIRGO - Aug 24/Sept 22
 A massive incentive could be coming your way, Virgo. It's best to be aware of all the goings-on inside and outside of the office. This can be a great chance to get ahead.

LIBRA - Sept 23/Oct 23
 Libra, it's not in your nature to complain, and this week will be no different. Take your usual approach and confront a problem rather than complain about it.

SCORPIO - Oct 24/Nov 22
 Scorpio, this week your thoughts could turn to faraway places or daydreams may distract you from the daily grind. An upheaval of some kind is imminent.

SAGITTARIUS - Nov 23/Dec 21
 You should get what you desire this week, Sagittarius. It may be a larger office or tickets to that big game you have been mulling over. The joy will be in the surprise.

CAPRICORN - Dec 22/Jan 20
 Do not worry so much about what others think of you, Capricorn. You have been traveling down the right path for some time, and others recognize that you have your act together.

AQUARIUS - Jan 21/Feb 18
 A big opportunity is mentioned in passing this week, Aquarius, and you begin to mull over the possibilities. This may be the right time to strike while the iron is hot.

PISCES - Feb 19/Mar 20
 Pisces, even when faced with some personal misfortunes, you are able to present a stiff upper lip and maintain a positive attitude.
