## HE DID IT!

He worked hard. He saved and saved. And at last, Fritter has reached his goal of saving \$100 for a fun-filled day at Six Wags Amusement Park, the theme park just for dogs!

(But he needs YOUR help!)

Fritter has exactly \$100 to spend. Will he ride all the rides? Will he choose snacks or souvenirs?

Use the park map and the list of items below to come up with a spending plan (also called a budget).

PARK ADMISSION (includes 5 ride tickets)	\$45
TOTAL:	

bacon treat \$2	SIX WAGS t-shirt \$15	beef taco \$2.50	frozen bone \$1.50
ice water \$1.50	sausage on a stick \$2	souvenir cap \$11	balloon \$1.50
ride ticket \$5 each	stuffed toy \$9.75	mint stick \$3.50	kibble poppers \$3.75
			steak dinner \$13.50

Have a parent look at your spending plan. Would they have made different choices? Is there anything you forgot? Talk it over!

## BAFFLING BUMPER CARS

Each of these bumper cars has an exact duplicate - except one. Can you find it?

**Extra! Extra!**

### Number Line Up

Look through the newspaper for five 5-digit numbers. 54,283 is a 5-digit number. Cut out each of the numbers and glue them onto a sheet of paper in order from smallest to largest.

## Kid Scoop Puzzler

### Ferris Wheel Fun!

Find numbers to place on each chair of the Ferris wheel so that the numbers on two chairs across from each other and the number in the middle add up to 15.

Standards Link: Math; students compute sums to 15 using three addends.

## Double Double Word Search

Find the words in the puzzle. Then look for each word in this week's Kid Scoop stories and activities.

### Ads Add Up!

Look through the newspaper for ads that mention prices. Select three or more ads and add up the prices mentioned. Switch with friend to see if you come up with the same answers.

Standards Link: Research: Use the newspaper to locate information.

## Where do fish go on vacation?

ANSWER: Finland

## Write On!

### What's the problem?

Write a math problem that solves a money question. (Example: If three apples cost \$3, how much does one apple cost?) Have a friend or family member solve it.
