This Sunday on Rick Dancer TV proof that what you see on the outside often hides the true story on the inside. The best of the best, Sunday at 4:30 on KEVU or online right now.

Rick Dancer Television:
Real Stories, Real People, Real Easy to watch.

*Channel Numbers are for SLTV, check local listings for cable/satellite channel numbers.

MAJOR TECHNICAL UPGRADES THIS WEEK

Due to a governmental mandate, South Lane Television must vacate seven of its 10 transmit channels. T-Mobile is poised to begin utilizing television frequencies they won in a "repacking" of the television spectrum by the FCC. The good news for South Lane Television viewers is that the FCC approved our request for replacement channels. But that good news is a bit tempered by the reality that once the new channels coexist with other new and existing channels, there may be some interference issues between adjoining channels. There are real possibilities that interference may occur. These issues must be rectified or the translator channel can not legally operate. While a challenging situation, our chief engineer has several backup plans to mitigate interference problems that may arise. We fully expect some issues, but our goal is to continue to provide the level of service viewers have come to expect from SLTV. But if situations arise that are insurmountable, some SLTV programming may be lost. We'll keep you posted.

Beginning Monday, December 18, our engineers will begin the task of converting from the old channels to the new channels. The conversion is expected to take two days. During the conversion, KVAL (Channels 13.1, 13.2, and 13.3) and KEZI (Channels 9.1, 9.2, and 9.3), will remain on the air on an alternate antenna during the entire conversion. Once work has been completed, a re-scan of your television will be necessary. Feel free to re-scan anytime during the conversion to see if new channels have been added back. And remember, you will be re-scanning "antenna" signals. On Wednesday, December 20, we hope to have all channels restored and ready for a final re-scan. Our ad in this space will remind you next week to re-scan. Again, you can re-scan early and often if you wish. It is expected that certain issues will arise that will require more time to resolve, and an additional rescan may be necessary. We will keep you posted on all these scenarios in this space.

Once completed, the final outcome for you, the viewer, will be a very similar selection of programming you have come to expect from South Lane Television. It is the goal of the SLTV Board of Directors to provide the best free television and radio service that we can. And to do it at no cost to the television viewer or radio listener. If you are new to town, you may not know about our 36 channels of free over the air television that SLTV provides to the Cottage Grove area. If you can see the towers (southeast of Cottage Grove), or in the London area (tower is north of London and west of London Road), all you need is a good quality UHF antenna and in the Dorena/Culp Creek area a good quality VHF antenna aimed toward Hawley Butte to receive eight channels of free over the air television from SLTV.

Happy Viewing,
Lloyd Williams, President
SOUTH LANE TELEVISION, INC.

These messages are brought to you as a public service by South Lane Television. Our goal is to continue serving the community with the highest quality free over-the-air television service possible.

Stay tuned!
