## **NEED TO RE-SCAN ONE MORE TIME**

As most of our viewers are aware, South Lane Television was required by the FCC to vacate seven of the ten SLTV broadcast channels we operate in our Cottage Grove system in order for T-Mobile to expand their services to our area. That conversion, or repack as it is called, was completed about a month or so ago, with just a few issues remaining at that time.

We believe recent technical modifications have cleared up those remaining repack issues. The biggest problem was with our new Channel 22. We had programmed the transmitter to show a "virtual channel" 47.1 to 47.4 on your TV set, but for many they saw the actual Channel numbers 22.1, 22.2 22.3, and 22.4. This has been fixed but your TV will need to be re-scanned in order for you to receive Channels 47.1, 47.2, 47.3, and 47.4. After scanning, you should see a total of 36 channels of free over the air television from South Lane TV.

We just returned from the National Translator Association meeting in Utah. Cottage Grove is one of very few translator operations around the country to have completed the repack. There is still some work remaining with our London system, but that is progressing. Service interruptions to the London system will be minor and I'll let you know in this space if any major temporary outage might need to occur in order to meet the mandate.

The National Translator Association is the only strong voice in America protecting free television. We at South Lane Television are proud to share the same goal of providing the best free TV and radio possible to our communities of Cottage Grove, most of Creswell, Dorena/Culp Creek, and London Springs, as we can.

Happy Viewing, Lloyd Williams, President SOUTH LANE TELEVISION, INC. These messges are brought to you as a public service by South Lane Television. Our goal is to continue serving the community with the highest quality free over-the-air television service possible.

**Stay tuned!** 

South Lane Television, Inc. A non profit organization serving South Lane County since 1957.
