## 60TH ANNIVERSARY

**KAISER**—Chuck and Betty Kaiser of Cottage Grove are celebrating their 60th wedding anniversary this month.

They were childhood sweethearts and married in Inglewood, Calif., on Nov. 1, 1958. They raised their family in Ventura, Calif. where they owned and operated Kaiser's Country Diner.

They later moved to Cot-

Chuck and Betty Kaiser

tage Grove Lake where they welcomed visitors to Wilson Creek Meadows Bed and Breakfast.

The couple are active members of the community. Chuck has retired from Chuck's Woodworking but is helping restore the horses and vintage Wurlitzer Band Organ for the local carousel project.

Betty is retired from the *Cottage Grove Sentinel* but

she continues to write The Chatterbox and Cook's Corner. They are members of First Presbyterian Church.

Their fabulous children and spouses are Kathy and Tim Linman of Ventura, Calif.; Dr. Jeff Kaiser and Dr. Andrea Davis of Warrensburg, Mo.; Rev. John and Betsy Kaiser of Templeton, Calif. They also have five wonderful grandsons in California.

## CITY ANNOUNCEMENTS

- Row River Trail update: Work is progressing on the culvert replacement project with work being done on the last of the six culverts. The culverts now need to be covered and the asphalt surface replaced. The surface work will depend on the weather but will likely be done throughout the winter months. Expect portions of the trail to remain closed while the work is being completed.
- New city employee: The Public Works and Development Department would like to welcome Jessica Klarr as its new administrative aide for the planning, building and engineering divisions. Klarr worked as an assistant for a law firm in Eugene and most recently operated her own photography business while being a stay-at-home mom. Once Klarr is fully trained, the Public Works and Development Department will maintain open office hours during the lunch hour, extending access to Planning and Building Divisions services.

## ODOT announces start of studded-tire season

The studded tire season in Oregon began Thursday, Nov. 1, and continues through March 31, 2019.

ODOT encourages drivers to consider other types of traction tires or chains.

If you must travel when weather conditions present difficulties, use other types of traction tires or chains, or postpone your travel until conditions change for the better.

ODOT's latest study (2014) concluded studded tires cause about \$8.5 million in damage each year on state highways.

Alternatives to studded tires:

- Chains: Link chains, cable chains or other devices that attach to the wheel, vehicle, or outside of the tire that are specifically designed to increase traction on snow and ice.

Drivers should note that link chains may not be recommended for use on some types of vehicles; check your owner's manual.

- Other traction tires: Other types of traction tires are available. These traction tires meet Rubber Manufacturers Association standards for use in severe snow conditions and carry a special symbol on the tire sidewall showing a three-peaked

mountain and snowflake.

They work about as well as studded tires on ice, but work better than studded tires or regular tires in most other winter conditions. And they cause no more damage to road surfaces than regular tires.
