lights come on and the steam is rising.”

While looking for a location, Pilling contacted Cool and after a couple conversations, South Lane School District and NDPR agreed to a contract that was signed in August. According to SLSD communications coordinator Garrett Bridgens, SLSD pays \$100 per month for the facility in addition to the cost of utilities.

After securing a space, the district ensured they would be able to get students by providing a bus that picks students up from Lincoln Middle School and CGHS and makes a trip

to Drain at 3:30 and 4:30 before dropping students back off around 6:45.

The 25-yard pool in Drain allows the teams to more precisely prepare for races that are multiples of 25 (races of 50, 100, 200, 400 or 500 yards) opposed to practicing in the Cottage Grove pool that was 33-yards.

“Our 33-yard pool was more of a training pool but this is nice because... when we practice in here we know the speed we’re going to go in the race,” said Cottage Grove sophomore MJ Raade who competed at state last season.

The other wrinkle in the pool is being outdoors, something new for Cottage Grove swimmers but not their competitors around the league almost all of whom practice outdoors.

“The benefits for an outdoor pool is, one, when you’re working out air quality. When you’re in a stuffy pool and that kind of stuff, you can breathe a lot easier,” said Pilling. “Actually, our best team in our league, practices all-year outside. Marshfield.”

But while the temperatures may be getting cold, the water stays warm.

“The person that’s miserable in this are the people that are out (of the water),” said Pilling who was prepared for the day wearing a sweatshirt, leather jacket, jeans and rain boots. “If you’re in the water, you’re warm.”
