How to Prevent Pneumonia.

You are perhaps aware that pneumonia always results from a cold or from an attack of la grippe. During the epidemic of la grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or a grippé to result in that dangerous disease. It is the best remedy in the world for bad colds and la grippé. Every bottle warranted. For sale by the Benson Drug Co., Cottage Grove and Joe Lyons of Drain.

ATTENTION.

All persons interested in a public library are invited to meet in the reading room over S. R. Piper's store on Monday evening January 23 at half past seven for the purpose of organizing a library association.

OF INTEREST TO MINERS.

The Law Governing and Relating to Mining Claims.

[Of interest to miners and mine owners—continued from last week's issue.]

A cut or crosscut, or tunnel, which cuts the lode at a depth of ten feet, or an open cut at least six feet deep, four feet wide, and ten feet in length along the lode from the point where the same may be in any manner discovered, is equivalent to such discovery shaft. Such work shall not be deemed a part of the assessment work required by the revised statutes of the United States.

Section 4. Abandoned claims shall be deemed unappropriated mineral lands and titles thereto shall be obtained as in this act specified without reference to any work previously done thereon.

Section 5. Mining claims so located shall thereafter be deemed real estate, and the owner of the possessory right thereto shall have a legal estate therein, within the meaning of Section 316 of Hill's Code.

Section 6. Prior to obtaining of patent from the general government of the United States to such claim the same shall be exempt from taxation except as to the improvements, machinery and buildings thereon.

Section 7. All conveyances of mining claims, or of interests therein, either quartz or placer, shall be subject to the provisions governing transfers and mortgages of other realty as to execution, recordation, foreclosure, execution sale and redemption thereunder, but such redemption, by the judgment debtor, must take place within sixty days from date of confirmation or such right is lost.

Section 8. In case of redemption from sale under judgment or decree the redemptioner shall pay such sum or sums as are now required by law for redemption under execution sale and such additional sum as may have been expended upon the property so redeemed by the purchaser under execution or his assigns in order to keep alive the possessory right thereto after such execution sale, not exceeding the sum of one hundred dollars for each claim, with ten per centum interest thereon from date of such expenditure or expenditures.

Section 9. Ditches and mining flumes, permanently affixed to the soil, are hereby declared to be real estate; provided that whenever any person, company, or corporation, being the owner of any such ditch, flume, and the water right appurtenant thereto, shall cease to operate or exercise ownership over said ditch, flume, or water right, for a period of five years, and every person, company, or corporation who shall remove from this state with the intent or purpose to change his or its residence, and shall remain absent one year without using or exercising ownership over such ditch, flume, or water right, shall be deemed to have lost all title, claim and interest therein.

Section 10. Any and, all locations or attempted locations of quartz mining claims within this state subsequent to the thirty-first day of December, 1898, that shall not comply and be in accordance with the provisions of this act shall be null and void.

Section 11. That all contracts of mining co-partnership commonly known as grub-staking shall be in writing and filed for record with the Recorder of Conveyances of the county wherein locations thereunder are made; such contracts must contain, first, the names of the parties thereto, and, second, the duration thereof. Otherwise, such contracts shall be null and void.

Section 13. Whereas, under existing laws there is great uncertainty as to mining titles, and the abuse of rights to locate thereunder is detrimental to the mining industry of this state this act shall be in force and take effect on and after the first day of January, 1899.

A most pleasant and unique affair was given by Misses Bertha Tait and Jessie Wright at the residence of Mr. and Mrs. John Tait Wednesday evening Jan. 1899. The first part of the evening was spent in music and later came the bundle party, which was very exciting. Mr. Fred Robinett received the first prize and Miss Myres the booby prize. When through with this they were invited into the dining room where a delicious lunch was served.

A 20-MILL TAX.

The Tax Levy Two and One-Half Higher Than Last Year.

We are indebted to the Register for the following:

The county court made the 1898 tax levy yesterday. The levy is 20 mills, 2½ mills higher than last year, and divided as follows:

State.....	5 7-10
County.....	8
School.....	8
Court House.....	1 3-10
Total.....	20

The raise is caused in the state tax, which is nearly three mills higher than last year.

Last year's tax levy was 17½ mills.

La Grippe Successfully Treated.

"I have just recovered from the second attack of la grippe this year," says Mr. James A. Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first place I was able to attend to business about two days before getting 'down.'" For sale by the Benson Drug Co., Cottage Grove and Joe Lyons of Drain.

Snow is very deep in the mountains. Last weeks rain served to settle it down some four or five feet.

I take particular pains to keep the best and freshest rolled oats, Grandma's mush, Gemma, morning meal, fresh corn meal and buckwheat flour. F. B. Phillips.
