how will the public notice?
 If public notices aren't in the newspaper,
 how will the public notice?
 Zoning changes. Tax increases. Legislative proposals. These are just a few ways government actions can affect your life and community.
 80% of all Oregon adults read a newspaper at least once during an average week, and 54% read public notices printed there.*
 But federal, state, and local government agencies erroneously believe they can save money by putting public notices on their web sites instead. If that happens, how will public notices be ... well, noticed? Less than 10% of the U.S. population currently visits a government web site daily.**
 You should not have to know where, when, and how to look, or what to look for, in order to be informed. It is the government's responsibility to deliver notice to the public.
Take notice.
 Your right to know is being served right here: in your newspaper.
