COTTAGE GROVE, LANE COUNTY, OREGON, SATURDAY, OCTOBER 12, 1889.

NO. 18.

BURGLARY.—Some burglars entered the drug store of J. P. Currin, Thursday night Oct. 3, by digging through the brick wall, and as their intentions were to open the safe. They drilled a hole in the door just below the lock, and put in a blast, but the charge was not severe enough. A powder can was found scattered in a number of pieces, which had evidently exploded at the same time. The report of the blast was heard by several, but no one went to investigate. The till was torn down and from \$72 to \$75 taken which belonged to Mr. Whipple. The robbers must have been scared off by their tools were found as they had left them. On Monday two men were arrested at Eugene on suspicion, as they had been lurking around there the day before. J. P. Currin and postmaster Whipple, went and appeared against them, but could not give sufficient evidence to convict them.

A GUN MAIL CARRIER.—Probably the only female mail carrier in the Willamette Valley is Miss Esther J. Rose, who takes a daily mail between Astoria and Lewisville. Lane county has a girl mail carrier who has been carrying the same for nearly four years from Hale to Scotton postoffice a distance of 35 miles, an over a mountainous and hilly settled country. THE GOSPEL MEETING.—The gospel meeting Sunday evening given by the ladies of the W. C. T. U., was a quite a success conducted by Mrs. Boldrick. The meeting was opened by song by the choir, reading by Mrs. W. K. Charles, oration by Miss Annie Oglesby, reading by Miss Dr. Lewis, and then several songs by the choir. A collection of \$5.40 was taken, after which the crowd was adjourned, with the promise of being called together again for a similar occasion in the near future.

A TRIP TO MT. JUNE.

The party consisted of Baker Stewart, Sidney Vaughn, Dock Plener, George Teelies and J. O. Testers. We taking up Mately creek and on going several miles we came to Mr. Kenney's farm which is the best improved farm on the creek. On going up the mountains we went through some fifteen miles of fine timber and prairie before coming to the mountain we had started for. There we camped at the foot of Mt. June. In the morning we went to the top of the mountain, and could see for miles around; we could also see Cottage Grove. For game this place is a paradise. There was deer, elk, antelope, bear and large bands of wild cattle. J. B. Stewart killed a large elk; could have killed more, but had no use for them. So now if any one wishes to find a place for sport and game, he could consult one of the party, and find out more of Mt. June, which will be sure to please them. J. O. Testers.

They have queer ideas of fun, over in Long Creek. This other day a drunken crowd stripped a man almost naked and striped his body with black paint, like the Royal Nonesuch in Huckleberry Finn; this human zebra then went through with a variety of maneuvers for the edification of the crowd.

A MAKE OLD MAN, "Jack Wilson of Allen's Springs, Ill., who is over sixty years of age, says: "I haven't my time tried a great many medicines, some of excellent quality; but never, before did I find any that would so completely do all that is claimed for it as Chamberlain's Colic, Cholera and Diarrhoea Remedy. It weighed 500 pounds, and is worth a little over \$700,000." In 1883 the North Bloomfield hydraulic mine in Nevada county, California, cast \$77,000 in one brick. It was the result of a twenty days' run in the mine. This same brick was on exhibition several days at the Bank of California in San Francisco.

Parents should be careful that their children do not contract colds during the fall or early winter months. Such colds weaken the lungs and air passages, making the child much more likely to contract other colds during the winter. It is this succession of colds that causes catarrh and bronchitis or even the fatal way for consumption. Should a child be contracted, take no time but cure it as quickly as possible. A fifty cent bottle of Chamberlain's Cough Remedy will carry any cold in a few days and leave the respiratory organs strong and healthy. For sale by—J. P. Currin.

TANNER DEFENDS HIS MOUTH.

Tanner does not blame his own mouth at all. In fact, he defends his mouth. To a friend yesterday who advised him to shut his mouth and not talk, he said: "Why, what are you giving me?" I am tired of hearing this talk about my mouth. My mouth has been my best friend. We it not for my mouth, I never would have been heard from, since my legs were shot off at Bull Run. Whatever I am, whatever I have, is due to my mouth."

The following dispatch from Washington will be of interest to many Oregon people: Secretary Noble has decided that a man and his wife cannot each prove his homestead entries to adjacent tracts of land. Change is one of the inevitable laws of nature, and unfortunately the change is making invariably for the better. As an instance of this, St. Patrick's Pills are fast taking the place of the old harsh and violent cathartics, because they are milder and produce a pleasant effect, besides they are much more beneficial in removing morbid matter from the system and preventing again and other intestinal diseases. As a cathartic and liver pill they are almost perfect. For sale by J. P. Currin.

Rev. Sam Jones expressed his opinion of liquor as follows:

"I think liquor is a good thing in its place, but I believe its right place is hell. That is my sentiment straight out. Even take Bob Ingersoll in Chicago. Will you let me quote a little? Bob Ingersoll says that whiskey is God's worst enemy and the devil's best friend. Now that is good authority on that side. And if an infidel will say that of whiskey, and say it publicly, then in the name of common sense, what ought a Christian to say? What ought all preachers to say?"
