Classic Arts Showcase

11 pm to Midnight:
Cottage Grove High School

South Lane Community Broadcasting is produced by the students of CGHS in cooperation with South Lane Television

Stay tuned!

The Hottest new businesses in the area give us a tour, including a downtown Eugene winery, a new restaurant under construction in Coburg and a Renegade Barber Shop in Eugene. Plus, we visit one of my favorite Ghost Towns. Sunday at 4:30 on KEVU or anytime online.

Rick Dancer Television:
Real Stories, Real People, Real Easy to watch.

*Channel Numbers are for SLTV, check local listings for cable/satellite channel numbers.

WOW! Look at All That Snow!

With snow storms, such as the one we just experienced, we come to realize just how important electricity is to our everyday lives. Cars stranded in the driveway, shrubs and trees damaged, refrigerators beginning to warm, freezers beginning to thaw, and for many; no hot water or even heat in the house! At a time we need the evening news the most, and the power goes out.

South Lane Television knows that when power interruptions occur, that is when we are needed the most. You need to know what is happening and what to further expect from a storm such as we just experienced -- and maybe a flood watch afterward. Some years ago, SLTV invested in a large generator to continue broadcasting the television channels and radio stations for about four days after a loss of EPUD power to our Hansen Butte site. The recent storm was so bad that fuel replenishment was initially impossible causing the system to go dark once for stored fuel was depleted. Usually power outages are brief, but can last several days -- this is when back-up power is vital. Our goal at SLTV is for continuous television service to our viewers who are with Pacific Power or one of the other area co-op power companies. We want to be there when you need us the most.

Please remember that sometimes during a storm, your favorite station may go off the air due to problems with their transmitting site in Eugene or wherever. We can only rebroadcast signals we can receive. So if our generator is supplying power to a channel that is off the air, well, it will not be receivable on your TV until the station is able to restore the signal.

Happy viewing,
Lloyd Williams, President
SOUTH LANE TELEVISION
