COTTAGE GROVE, LANE COUNTY, OREGON, THURSDAY, APRIL 3, 1919. NUMBER 28.

### LAW MAKES DENY PETITIONS

Radio Interference  
Tabled to Permit Appearance.

Appeal of the budget law under which judges work is an income tax law. It is not a law which makes a denial of a petition for a writ of habeas corpus. ### Moses Had Nothing On This Car

Elbert Bode, editor of The Sentinel, thought he had seen until he became a participant in an automobile crash in Eugene a few days ago when the other car ran down a fire hydrant. He admits that a new one was sprung on him this time. The other car stopped with its rear end over the spot where the hydrant had been, but Bode did not know that a hydrant had been there. To him the thousands of gallons of water that surged from underneath the car seemed to come from inside the car and he was so astounded by the strange sight that it was a minute or more before he had the presence of mind to move his car out of the traffic lane and make an investigation. He then gave the other car a hitch and pulled it to a dryer zone.

### Visitor Asks Bartlett To Reverse Power

Here's a real one on C. A. Bartlett, perennial and champion booster for the Cottage Grove section. Bart was holding forth to a visitor and had told him that we have the only cold air seasoning plant in the world, the most timber of any city in the world, the most equable climate of any city in the world, the least wind velocity of any city in the world, the least rain and the most sunshine of any city in the world, etc., etc., etc.

### 18 to 20 Cows Are Needed to Give Living Income of \$1500 Gross.

OREGON STATE COLLEGE, Corvallis, April 2—A dairy farm in Oregon deriving 80 per cent of its income from the herd needs to have from 18 to 20 cows producing 250 to 350 pounds of butterfat each to return a living of \$1500 a year to the owner, in addition to that supplied by the farm itself.

### Rates to Medford Are Higher Than Portland's

Figures Show Disparities to Be As Great in Some Cases as 500 Per Cent.

Rates from San Francisco to Medford are in many cases 400 to 500 per cent the rates to Portland, based on mileage, and rates to other points such as Cottage Grove are far greater than to Portland, although freight is not actually hauled farther in the first place than to the intermediate points is based on the rate from San Francisco to Portland plus a charge for haul from Portland, although freight is not actually hauled farther in the first place than to the intermediate points is based on the rate from San Francisco to Portland plus a charge for haul from Portland.

### Taxes Found to Be Lower Here

Casey Jones Takes 2 to Disaster

GULF CREEK, April 3.—(Special)—Ray Engles, Unpus national forest ranger stationed at Bajada, and Assistant Supervisor Matthews of Tooleburg narrowly escaped serious injury a few days ago while taking a suppersing trip on Engles' speeder, "Casey Jones." The men were returning to the station from Junetta creek and were traveling between 25 and 30 miles an hour when "Casey Jones" jumped the track on a turn and headed down an embankment for the creek. When "Casey" came to a halt at the water's edge, Engles was still aboard and hanging on for dear life but Matthews was up the track 50 feet sitting on the ties and trying to figure what it was all about. Both men received only minor bruises. "Casey" was the most seriously damaged, his axles having been bent out of shape.

### Contract Siuslaw Road is to Be Let

County Will Have to Raise Another \$50,000 on Its Share of Cost.

Contracts on the agreement between the federal bureau of public roads, the state highway commission and Lane county of the financing of the improvement of the Siuslaw Highway between Bain rock and Clifton has been received by the county court.

### Warning Issued Against Infected Eastern Plants

County Fruit Inspector Stewart is again issuing warning against importation of plants from eastern states because of the danger of disease. A small amount of strawberries inspected this week at the postoffice was found to have nematodes, or eel worms, and they had developed so slightly that it was almost accidental that they were discovered. This pest, when once in the ground, is almost impossible to exterminate. The only method that has been found at all effective is to till the infected ground with flood water so hot that it kills all animal life. To do this is extremely expensive. The nematodes do not greatly injure annuals, but they are very injurious to flowers and other perennials.

### Odd Fellows Lodge Is Host to Grand Master

Grand Master Fred J. Meindl of Salem paid an official visit Saturday night to the local I. O. O. F. lodge. Following the lodge session an open meeting was held, 150 being present. Rebekah staff of 22 members draped the charter of the lodge in memory of five members who have died during the past year. The ceremony was impressive. A lunch was served in the banquet room following the program, which was as follows:

### Press Next Largest In Oregon

What is said to be the largest cast iron press in the state outside of Portland has just been cast by a Eugene foundry for the W. A. Woodard Lumber company of this city. It is designed for use in pressing locomotive wheels and car wheels of all on. One casting weighs 4800 pounds and the other 4550 pounds. It has a capacity of 350 tons and weighs seven tons.

### Auto Crash Nearly Delays Trip

Starting of Mr. and Mrs. C. E. Brown for Hawaii came near being delayed by an auto crash the forenoon of the day before they were to leave here. The DeSota which Mr. Brown was driving was severely damaged when it crashed into a Chevrolet being driven by H. C. Mitchell. The accident happened Saturday at the Sixth street and Whitesaker avenue intersection. Mr. Brown, who took too wide a sweep when turning the corner, assumed blame for the accident.

### Wrestling, Boxing Card Arranged for Tonight

An enthusiastic audience attended the wrestling and boxing card which was held Thursday evening last at the newly organized Cottage Grove Athletic association. There were no decisions, although the audience had its own opinion about winners.

### Lumber Orders Exceed 11 Weeks' Production

Willamette Valley Lumber association mills reporting to the West Coast lumbermen's association as to production and orders for the 11 weeks ending March 16 reported orders running 169.2 per cent of the production, according to a bulletin by Herbert J. Cox, secretary of the association.

### High School Comedy To Be Given Friday

"Pleasures" or "In Old Vienna," a three-act musical comedy, will be presented at 8 o'clock Friday night at the Arcade by the combined glee clubs of the high school. Miss Bernice Lamb, music instructor, is director.

### Discarded Hose

Who thought he had made a find at the Harold Axley place, a second hand store, he was disappointed. He found a pair of discarded hose which he had thought was a pair of discarded hose.

### First National Victim Good April Fool Joke

April Fool's day passed almost without incident in Cottage Grove. Even school kids took little advantage of the day. One of the best jokes pulled was the following: A state of the Bigge highway station called the First National bank. Assistant Cashier Harvey answered, "In your bank on the highway?" with water in the response. "Well, you'd better move, a big stage is coming," was the rejoinder as Bigge slammed his receiver to the hook.

### Many Dog Licenses Are Issued

Nearly as many dog licenses have been issued this year as last, despite the increase in the license fee put into effect by the recent legislation. The number so far issued in 1919 is 1500, while in 1918 the number was 1250. The greater number of those issued this year were issued before the new law became effective.
