### Causes from B2

it is to a certain degree. I do agree that some of it is environment for sure. But this hazing and bullying type of stuff — I'm not trying to be pessimistic — but it doesn't seem to ever go away and I'm not sure if ever will," he said.

When it comes to hazing in a sports context, Lockhart said he believes there is a problem — despite having no first-hand knowledge of any hazing at Elkton during or before his tenure — but the root cause of the issue extends beyond school walls.

"I think it speaks to a larger problem, you know?" said Lockhart. "Our intolerance for each other, and the environment we're in — that influences our youth. To be honest, that's where I think the problem stems from."

Countless cases, many disturbingly similar in how each played out, seem to illustrate that point and how the hazing culture certainly didn't begin in — nor is it limited to — Cottage Grove. The real battle being fought is not only in preventing incidents that lead down a path of sexual violence, but also in figuring out how to eliminate something that, in far too many instances, is already there.

"Once it's accepted, then

it is extremely difficult to weed out and try to justify what's right and what's wrong — because now it's a part of the culture," Lockhart said.

American society is already all-too familiar with hazing in fraternities and sororities, other examples of organizations of like-minded young men and women whose desire for a sense of unity is akin to a sports team. These groups' rhetoric is often rife with the vocabulary of "togetherness," "brotherhood," "sisterhood" and "family."

**"Our intolerance for each other, and the environment we're in — that influences our youth. To be honest, that's where I think the problem stems from."**

In contrast, when hazing leads to assault, injury and in some cases death, communities find themselves unable to comprehend how it could have happened.

Why would a student behave this way towards another student who is meant to be a peer, a teammate, a sister, a brother? Why must entrance into a group — a group meant to provide stability and positivity in a young person's life — require an act of intimidation or cruelty? These are questions that students, coaches, teachers, administrators and parents across the nation have been posing for decades.

Despite these challenges, Lockhart sees reason for optimism as both a coach and a teacher.

"Generationally, I think we are more tolerant and I think we do behave better now, at least in my experiences that I've seen," he said. "When I was in high school in the late 90s, there was no way that I would see an openly gay couple. Now, in this day and age, those things happen and, for the most part, nobody gives a rip, which is awesome to see. I mean, that's just one little example ... but I think we are raising our youth with more consciousness towards social tolerance."

It's possible, then, that the solution to the issue of violence among students — and particularly among athletes — in the spaces they're meant to be the most safe isn't so different from solutions to other social ills. There was a time that drunk driving, date rape, racism, misogyny and homophobia were far more accepted and tolerated within American society.

It took monumental, decades-long paradigm shifts in law and ways of thinking to see noticeable, meaningful changes. Ending the practice of hazing has the potential to have the same result if students and communities truly work together to see it end.

### Boats from B1

register with the Marine Board. Registration fees vary based on boat length. The average boat length in Oregon is 16 feet, so the cost of a two-year registration is \$100.20.

Boat owners who renew their boat registration online receive their registration decals faster through the mail. This method is also more cost-efficient, allowing the agen-

cy to leverage registration dollars toward boating facility improvement projects and on-water marine law enforcement services. Fees also support the aquatic invasive species prevention and abandoned derelict vessel programs

## WIN \$20 EVERY WEEK

With the Football Contest

Fill out the form below for your choice of winners. The TIE-BREAKER game is the Sunday night game. Guess the total points of this game. In the event of a tie-breaker tie, the winner will be determined by a drawing. Entries must be received by Friday, 5 pm at the Cottage Grove Sentinel, 116 N. 6th Street, (P.O. Box 35), Cottage Grove, Oregon 97424. Mailed entries must be postmarked by Friday. Employees of the Cottage Grove Sentinel and their families are not eligible to win. In the event of multiple winners, final weekly winner will be drawn at random from preliminary winners.

**ATTENTION: Tiebreaking Process - the designated tie-breaker game will be judged on total points ONLY. Please estimate the total points for the tie-breaker game.**

One entry per family.
