

ODFW from B1

get 100 brood trout this week.

- The Crooked River continues to offer good opportunities for trout and whitefish up to 16 inches.

- It's getting to be prime time for winter steelhead on the Sandy and Clackamas rivers. Keep an eye on water levels and be ready to hit the waters as they begin to drop.

- Ice conditions, and fishing, have been good on Chickahominy Reservoir.

- Steelhead fishing on the Grande Ronde can be quite good in January and February, when flows cooperate. Look for uncrowded conditions and lots of open water.

DEADLINE TO APPLY FOR A SPRING BEAR TAG IS FEB. 10

The controlled spring black bear season opens April 1.

MAINSTEM UMPQUA RIVER

- Effective February 1, 2020 through June 30, 2020, retention of hatchery Chinook salmon is allowed on the mainstem Umpqua River. Retention of wild Chinook salmon is prohibited.

UMPQUA WINTER STEEL-

HEAD STUDY

Anglers who harvest a hatchery winter steelhead in the Umpqua Basin are asked to turn in the snouts from those fish. Some of these snouts contain small tags, which are not externally visible. Anglers who turn in snouts with these tags are entered into a raffle for a \$50 gift card.

Snout collection barrels are located around the basin, Sportsman's Warehouse in Roseburg, or the Roseburg ODFW office. Tags obtained from the fish will inform ODFW on the best hatchery release timing strategy to provide the most fish back to anglers in the future.

ELK RIVER: Chinook, Steelhead

New Chinook regulations for 2020. Jan. 1 - March 31 open for hatchery Chinook retention only. Wild Chinook harvest is permitted May 22- Dec. 31. Please see the 2020 fishing regulation book for more details.

Steelhead Fishing is open through March 31; then May 22 - Dec. 31. The wild steelhead bag limits are 1/day and 3/year as part of a zone-wide accumulative daily or annual salmon/steelhead bag limit.

To check current river conditions, call 541-332-0405.
