A PERCEPTION TEST

First, try solving the problem presented on the right. After solving it (?), cut out the paragraph and paste it on a piece of cardboard. On the back of the cardboard, paste the answer given below the paragraph.

AN ODD PARAGRAPH

What is particularly unusual about this paragraph? You won't find many paragraphs similar to it. In all probability you will not find out what is so unusual about it right away, but if you look at it and study it for long, it may dawn on you. If you should find out what is odd or unusual, don't say what it is until I ask you; if you can't find out, look on the back of this paragraph. Don't look at my solution until you fail to find out what is odd about it. I could throw you a hint, but I won't!

Answer: You won't find an "e" in the entire paragraph.
