KALEN RINCK

Kacie Bohme nominates Kalen Rinck for October

Student of the Month. Kalen is always in class and ready to go with his camera on, even though it is first period and we are all tired! He is also stellar at contributing to class discussions both by speaking and typing in the class chat! Distance learning is challenging for all, but Kalen has been a fantastic example of how to be a dedicated and successful student online.

DORENA ELEMENTARY

ANTON SCHWARTZ

We would like to nominate 1st

grader Anton Schwartz. Even with BAD INTERNET he and his family make an effort to share pictures and make calls, emails, to connect and communicate with Ms. Beck about what they are doing, what is working and what is challenging (which really helps Ms. Beck adjust her practice to meet student needs). When in class he is and was always respectful and caring and stays focused and on task. He is a pleasure to work with and even during this challenging time, stays highly motivated to work and learn!

MACEY MELLO

Macey Mello is a junior at North Douglas High School. Macey was selected by her teachers for doing an amazing job keeping

her assignments up, contributing to group discussions online, and having a great attitude. She is so creative and committed to her interests and enthusiasm for art. Macey has an incredible eye for detail and really invests her time in developing her drawings, designs, and stories. She is also fairly experienced at using technology, and has found ways within this period of distance learning to continue working on developing her art and her communication skills, such as recently scanning and emailing hand-drawings that she did while online to share back with one of her teachers!

MAKAYLA HOLMES

Why he/she was nominated: Makayla was nominated for student of the month for her amazing turnaround from last year. Makayla has excelled in distance learning to

start the year and is doing extremely well in all her classes. Makayla has asked for extra credit in several classes even though she already had an A. When asked why she wanted extra credit when she already has an A she responded, "I am trying to get 100% in all my classes". This attitude was why I nominated Makayla for student of the month. She is being recognized for her work in other classes by other teachers as well. Future Goals: Graduate High School and go to Harvard or Berkeley. Want to be a Lawyer because I am good at argument. I also would like to be a veterinarian. Hobbies: Draw and play basketball.

BELLA SYBRANT

Bella is new to our district and has dived in feet first to this new school world that we live in. Bella is always on time to class, works hard to con-

nect with her teacher and classmates, has a positive vibe each class, strives for success in her classwork, and is even running for Vice President of her seventh-grade class. Noticing that she and her classmates needed the social interaction outside of class, she has worked with Mrs. Ross and Mr. Kilmer to get hosted Lunch Zoom meetings for she and her classmates so they can talk and eat like they would normally here at school. Future Goals: I don't know what I want to do yet because there are a lot of things that seem really cool but I want to go to college - like Stanford or Yale and move out before I am 19. Hobbies: I like to read, art and play with my dog - Sami.
