Trivia about U.S. Veterans

- 30 of the 43 presidents served in the Army, 24 during time of war. Two earned the rank of 5-star General (Washington and Eisenhower) and one earned the Medal of Honor (T. Roosevelt). Only one president (James Buchanan) served as an enlisted man in the military and did not go on to become an officer.
- The Department of Defense employs about 1.8 million people on active duty. It is the largest employer in the U.S.
- The U.S. Army was in charge of exploring and mapping America. The Lewis and Clark Expedition was an all Army affair. Army officers were the first Americans to see such landmarks as Pike's Peak and the Grand Canyon.
