## COVID-19 vaccine pre-registration continues in Lane County

Lane County Public Health has opened up pre-registration for vaccination to all members of the public.

This pre-registration information effort will help populate a centralized database to help vaccinating health partners countywide contact those who wish to be vaccinated and schedule an appointment when they are eligible.

You can pre-register online in either English or Spanish right now at [www.lanecounty.org/covidvaccine](http://www.lanecounty.org/covidvaccine)

Important things to consider when pre-registering:

- We encourage anyone who has internet access to pre-register on the online portal.

- If you have a friend or loved one who does not have internet access, or has difficulty navigating the internet, we encourage you to please help by assisting them in pre-registering online.

- We will have phone pre/registration available in coming days.

- You only need to pre-register once and by only one method (either phone or online, not both to avoid duplicate entries).

- If you have already registered with a provider or with your workplace, please *Do Not* register again with the County's database. We are all working from the same information and doing so will slow down our process.

- If you are part of Phase 1a and have not heard from Lane County Public Health or a local provider to receive a vaccine, please DO re-register using the new link.

- If you provide an email address you will receive an email confirmation that your registration has been received.

- Pre-Registering to receive the vaccine *Does Not* mean you will be contacted to schedule an appointment right away. We will still follow Oregon Health Authority eligibility guidelines *and* as always, our timeline to get you vaccinated depends on supply.

In other words, even if you are eligible it may be some time before we have enough doses to offer you a vaccination appointment. Your patience is deeply appreciated.

- Please remember, Lane County does not determine which groups are eligible.

- Once you have pre-registered, we ask that you not call the call center with additional registration questions unless you believe there

is a critical error in your registration.

- This process is *not* first come, first serve. We will be working from the phases and eligibility guidance provided by the Oregon Health Authority.

## WHAT ARE YOU WAITING FOR?

You may be putting off planning funeral arrangements and waiting for the "perfect moment." When the perfect moment never comes, your grieving family is left to plan your funeral without your input.

Rather than leaving your loved ones to make rushed financial and emotional decisions, take control of your final wishes. We can help you reflect on how you want to be remembered and help guide you through every decision.

If not now, when? Call us today and our team can help you get started.
