

# Disaster Resilience Plan for Heritage Resources Project earns awards

The student group responsible for the drafting and organization of the Disaster Resilience Plan for Heritage Resources in Cottage Grove, which was recently adopted by Cottage Grove City Council, has received two statewide awards recognizing the importance of their work.

The City of Cottage Grove and its heritage partners to participate in the Heritage Resilience Plan for Heritage Resources Project in January 2020.

Students were brought from the University of Oregon's Institute for Planning Policy and Research (IPRE) to the project to help work collaboratively with the city's partners to

develop a citywide plan to ensure the resilience (and survival) of its heritage resources in the event of a disaster.

Each heritage partner, including the Cottage Grove Museum, Cottage Grove Historical Society, Cottage Grove Genealogical Society, Bohemia Mining Museum, and Downtown Cottage Grove, also

got their own mini-plan at the end of the project.

Lessons learned from the planning project were turned into a statewide template by the IPRE students.

On Thursday, April 29, 2021, the Oregon Chapter of the American Planning Association awarded the IPRE planning team with their 2021 Student

Achievement Award.

On the same day, IPRE was awarded an Oregon Heritage Award by the Oregon Heritage Commission for this project and their other heritage-based work, including RARE program support and historic theatre preservation.

Congratulations were extended to Leah Rausch, Aimee Okotie-Oyekan,

Stephanie Tabibian, Melissa Graciosa, Emily Connor, the student team, and Professor Robert Parker, for their inspiring work on the project.

To read the award-winning Disaster Resilience Plan for Heritage Resources in Cottage Grove, visit [www.cottagegroveor.gov/cd/page/historic-preservation](http://www.cottagegroveor.gov/cd/page/historic-preservation).

## Second round of limb pickup coming

The first round of the citywide limb and tree branch pickup started May 3 and went through May 7.

Residents are asked to have limbs and branches in the city street where city staff can pick them up.

Branches and limbs are

to be placed in on-street parking spaces along city streets.

Branches and limbs must be piled so they do not block bike or traffic lanes and are no closer than 30 feet of an intersection.

The second and final round of limb pickup will be May 17 through May 21.

For additional information, go to the city website at [www.cottagegroveor.gov](http://www.cottagegroveor.gov) or call 541-767-4100 for questions.

## County, local Chambers advocate for review 'extreme' risk designations guidelines

The Lane County Board of Commissioners unanimously approved a letter to Oregon Governor Kate Brown at their April 27 meeting.

The letter, which is co-signed by the Eugene, Springfield, Florence, Oakridge and Cottage Grove chambers of commerce, outlines four requests that Lane County believes will help continue to protect the public health of our communities while balancing the wellbeing of our business community.

"We know that it is difficult to balance protecting state hospital capacity and protecting the fragile recovery now underway across the state," said Lane County Board of Commissioner Chair Joe Berney. "While the news that the COVID-19 risk framework

may no longer be needed by the end of June is encouraging, many of our small businesses are still struggling to survive day-to-day after facing the uncertainties created by the pandemic. The future prosperity and economic welfare of our community beyond the pandemic relies on businesses surviving and being in a position to thrive post-pandemic."

The four requests included in the letter are:

- Increase the number of vaccines allotted to Lane County;
- Direct OHA to review all current Sector Guidance for High and Extreme Risk categories against the current trends in case transmission with an eye toward ensuring that restrictions to commerce are aligned to where transmission is occurring;

Provide as much advance notice to counties about risk metrics framework movement as possible; and

• Expedite the revision of the current County risk metrics framework as soon as possible.

Lane County Public Health will continue to do its part to ensure the vaccinations provided to us by Oregon Health Authority are administered as quickly as possible in our communities. Commissioners understand that statewide reopening is tied directly to widespread vaccination. As of today, Lane County has administered 276,177 COVID-19 vaccines, which represents over 52 percent of eligible adults and 44 percent of our full population.

## First 'Yard of the Week' winner awarded

The much anticipated 24th season of the Yard of the Week is here.

Congratulations to the first 2021 Yard of the Week recipient at 1225 Edgewater Lane.

The winners of the Yard of the Week receive a credit for the water portion of the city utility bill for the month, a gift certi-

cate from the Cottage Grove Chamber of Commerce and a one-year subscription to the Cottage Grove Sentinel.

Everyone is invited to submit nominations of yards that deserve recognition by contacting the Chamber of Commerce or the City Manager's office.

icate from the Cottage Grove Chamber of Commerce and a one-year subscription to the Cottage Grove Sentinel.
