## FIRE from A10

to open the fall burning season on October 1 or delay its opening due to high fire risk.

The Special Districts Association of Oregon's member fire districts have asked for public and fire district assistance to reduce fire spread in the event of a wildfire.

The National Fire Protection Association (NFPA) offers some tips on mitigating the risks:

- Before a wildfire threatens an area, much can be done to minimize risk.
- Creating "defensible space" is a critical first step in and around homes and businesses.
- Clearing leaves and other debris from gutters, eaves, porches, and decks prevents embers from igniting buildings and removing dead vegetation, firewood piles and other items from under a deck or porch and within 10 feet of the building can give a location a safety buffer.
- Screen or box in areas below patios and decks with 1/8-inch wire mesh to prevent debris and combustible materials from accumulating.
- Remove flammable materials (firewood stacks, propane tanks, etc.) within 30 feet of your foundation and outbuildings, including garages and sheds. If it can catch fire, don't let it touch your buildings, deck, or porch.
- Wildfire can spread to treetops. Prune trees so the lowest branches are 6 to 10 feet from the ground.
- Keep your lawn hydrated and maintained. If it is brown, cut it down to reduce fire intensity. Dry grass and shrubs are fuel

for wildfire.

- Don't let debris and lawn cuttings linger. Instead, dispose of these items quickly to reduce fuel for a fire.

- Inspect shingles or roof tiles. Replace or repair those that are loose or missing to prevent ember penetration.

- Cover exterior attic vents with metal wire mesh no larger than 1/8 inch to prevent sparks from entering the building.

- Enclose under-eave and soffit vents or screens with metal mesh to prevent ember entry.

### CREATE AN EMERGENCY PLAN

- Assemble an emergency supply kit and place it in a safe spot. Remember to include important documents, medications, and personal identification.

- Develop an emergency evacuation plan and practice it with everyone in your home and business.

- Plan two ways out of your neighborhood and designate a meeting place.

### IN YOUR COMMUNITY

- Contact your local planning/zoning office to find out if your home or business is in a high wildfire risk area and if there are specific local or county ordinances you should be following.

- If you are part of a homeowner association, work with them to identify regulations that incorporate proven preparedness landscaping, home design, and building material use.

- Talk to your local fire department about how to prepare, when to evacuate, and the response you and your neighbors can expect in the event of a wildfire.

### DURING A WILDFIRE

- Stay aware of the latest news and updates from your local media and fire department. Get your family, home and pets prepared to evacuate.

- Place your emergency supply kit and other valuables in your vehicle.

- Move patio or deck furniture, cushions, door-mats, and potted plants in wooden containers either indoors or as far away from the buildings, shed, and garage as possible.

- Close and protect your building's openings, including attic and basement doors and vents, windows, garage doors, and pet doors to prevent embers from penetrating your buildings.

- Connect garden hoses and fill any pools, hot tubs, garbage cans, tubs, or other large containers with water. Firefighters can potentially use these items during a wildfire.

- Leave as early as possible before you're told to evacuate. Do not linger once evacuation orders have been given. Promptly leaving your home and neighborhood clears roads for firefighters to get equipment to fight the fire and helps ensure residents' safety.

After a wildfire has been contained, continue to listen to news updates for information about the fire. Then, return home only when authorities say it is safe.

Visit FEMA/Ready.gov for more information regarding wildfire after an emergency.

## Yard of the Week

brought to you by:  
Cottage Grove Sentinel  
116 N. 6th • (541) 942-3325

Week of June 17th Winner is: **2325 South 8th Street**  
Yards will be selected each week by nominations.  
To nominate a yard you can call City Hall (942-5501) or Chamber of Commerce (942-2411)

## The Rotary Club of Cottage Grove Is pleased to announce the recipients for the 2021 Rotary Scholarships

### Cottage Grove High School

Ashleen Kaur

Kourtney Owens

Thane Parsons

McKenna (MJ) Raade

Bethany Struthers

Congratulations on a job well done!
