

Texture: Smooth **Shape:** They look like, well, a kidney bean! **Protected by:** Lower back ribs

Size: About the size of your fist

filtered blood flows out water flows to bladder to become urine \

through your kidneys. Your kidneys filter the bad stuff out of your blood as well as remove extra water and turn it into urine. The urine heads into your bladder where it is stored until you let it out when you pee.

Hold this page up to a mirror to read this important message!

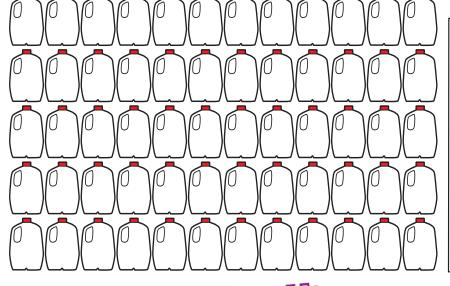

Our bodies have important parts called **organs** that work together just like a team. Some other organs are the heart, lungs, intestines, brain, and stomach.

## Kidneys at Work

Your kidneys filter up to 180 liters of blood every day. That's 48 gallons! Color 48 of these one gallon milk jugs red.

Your kidneys produce about six cups of urine every day. Do you drink enough water to replace that much liquid?

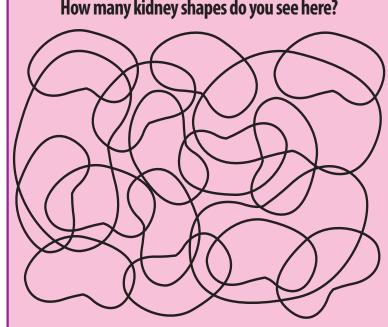

#### Make a **New Body** Cut out different body

parts from pictures of different people in the newspaper. Glue the body parts onto another sheet of paper to make a new, silly person!

Standards Link: Reading Comprehension: Follow simple written directions.

Scoop Puzzier How many kidney shapes do you see here?

kidneys?

they pass a baton to the nextt member of the teem. This represents people passing an organ from one person to another to save livez.

KID SCOOP'S MISSION

Children are born curious. From their earliest days, sensory exploration brings delight and wonder. New discoveries expand their minds. When they unlock the joy of reading, their world widens further. Magic happens.

Kid Scoop opens the doors of discovery for elementary school children by providing interactive, engaging and relevant age-appropriate materials designed to awaken the magic of reading at school, at home, and throughout their lives.

For more information about our literacy non-profit, visit kidscoopnews.org

### Kid Scoop This week's word:

**FILTER** 

The noun **filter** means a device for removing unwanted material.

A water **filter** helps keep drinking water clean.

Try to use the word **filter** in a sentence today when talking with your friends and family members.

**LESSON LIBRARY** 

In which ways are people

Cut out two newspaper photos of people. Make a list of all the ways the two people are the same or similar.

Standards Link: Look for similarities and differences

# Fitness

Tell other kids about an exercise you do, either to stay fit or to warm up before a sports game.
