The Seven Stars Hot 147 Killed and Wounded

Washington, April 3.--Lieutenant Colonel W. W. Halsted, has reported that on the night of April 1, a short but bitter battle was fought near Balao, in the Moro Province of the Philippines, by a force of about 300 of the Moro tribesmen and about 300 of the Philippine government's regular troops. The Moros were:...

Agayon May Carry the War to the Southern Islands

Washington, April 3.--Agayon May, the head of the most powerful Moro tribe, is reported to be planning a campaign against the southern islands of the Philippines. He is believed to have several thousand of his followers with him, and is expected to land on the island of Mindanao, and then march northward into the interior of the island. The government is preparing to send a large force to meet him.

**A FILIPINO CREW.**

On the Monaquintheo, recently armed, a Filipino crew has been taken to sea on the island of Luzon.

**Considerable interest has been manifested in the operations of the government in the Moro Province of the Philippines, where a large force has been sent to deal with the Moro tribesmen. Many residents of both districts have been evacuated, and it is expected that the government will soon be able to suppress the rebellion.**

Washington, April 3.--The President of the United States has issued the following executive order: It is fitting that in behalf of the service of the United States the government supports the people who lose their lives in the service of the nation. In view of the fact that Dewey's fleet was engaged in battle with the Spanish fleet on May 30th, 1898, and all the officers and enlisted men of the fleet were lost in the battle, it is hereby directed that the following officers and enlisted men of the fleet shall receive the pension of $1,000 per month, and that the sum of $1,000 shall be paid to each of the following officers and enlisted men of the fleet:...

**Watercolor Men Up.**

A powder gun, belonging to a Great Lakes frigate, was recently blown up and twenty-two men were killed. The cause of the explosion is not yet known, but it is said that a powder gun, which was mounted on the frigate, was accidentally discharged and the powder was ignited. The ship was a United States Navy vessel, and the explosion occurred while the ship was in port. The man who was killed was a powder monkey, and the explosion was reported to have been caused by his failure to properly secure the gun. The man who was killed was a powder monkey, and the explosion was reported to have been caused by his failure to properly secure the gun.
