BOHEMIA MOUNT.

VOL I
May 5, 1899.

BOHEMIA NOTES.

Devoted to the Mining, Lumbering and Farming Interests of this Community, to Good Government, and to Housing.

To Devoted to Miners and Miners——A Nugget Correspondent’s Batch of News.

BOHEMIA, May 7, 1899.

Weather cold and snowing.

A mining camp near 'The Shore' are at present putting the finishing touches on the new stamp to the mine.

John Graber has finished his contract on the Haywaya group recently handed by Eastern parties.

Law Reform is actively engaged driving a crossing tunnel to tap their ledge on Elephant Mountain.

The gold dealer Mr. Dan Beck of the Music has made a very rich find at the foot of Haywaya on a ledge of high grade tree milling ore.

Mrs. Nanc and Dawgertolakas in the Nunday are driving a working flight in fine free milling ore.

Today a friend on the Nunday is rapidly coming to the front in a mining man. From recent development on the Lake mine a strong ledge of high grade ore in one 6 feet is worth over 100.

Mr. Higgins and Ben Curry are driving a two foot tunnel for the foot of Flatheadmill on a ledge of high grade tree milling ore.

Bryce Bros. & Co. are working a double shift on the Grizzly group before the Champion mill. This is one of the most promising groups in Bristow.

Zinn and Goebel Co. on Fairview Mountain are doing an immense amount of development on their group this winter. This company deems it the credit of the entire estate that their mill is making the highest grade ore in camp and is almost unlimited quantity. The mine is now at almost twelve ledge and when this is accomplished a mill will be built.

There will be more development work done in Bohemia this year than ever before. Proportion and property owners are coming in every day to renew work on claims owned by them.

Our old friend Al Carrell is taking things easy during this stormy weather of late. His cabin is furnished with much better accommodations and a bed. But after all Albert has a fine show and is sure to make a great noise out of his group.

The Helena group owned by Jennings Bros. and Brunau have some of the finest ore in sight it has ever been our good fortune to see. But still men will rush to Klondike and Buffalo Hump in search of Big Boysen when right at our door the last ore that we have ever seen is lying in unlimited quantities, but it is not far enough away to create any very great excitement. There is in this one mine alone enough gold to pay off the national debt and carry on the Philippine war and leave a handsome surplus for our generous officers who are guarding the honor of our government. And not only is this one group alone we have two or three others close by, as well as old timers and with few exceptions this is in from 2 to 6 feet of good ore.

Then the Champion is equipped with a 10-stamp mill and just as soon as the change mill is able to pay out gold for 20 cents per ton. This business to save the gold, there is nothing to hinder Bohemia from lying in one of the most promising groups in the State.

The group lately handed to Portland parties by J. L. Jones is one of the most promising groups of any known in the country. This group is of the highest grade ore of any to as of now to 20 feet in width. There is considerable development work going on this group. But does their 100 feet per month for 12 months they will have a mine here second to none in the state. The country is wide open, the copper, the copper alone will pay a handsome dividend, leaving the other precious metals a reward of merit. Almost any of the new ores in Bohemia is excellent chlorinating ore for cheaper than shipping concentrates out of the country.

Wamping Cough — I had a little boy who was nearly dead many years ago at our homestead. We then had a large number of neighbors recommended Chamberlain’s Cough Drops. Said that no medicine would help him, but after giving him a few drops that resulted in favor an improvement, and one bottle soon dispelled his symptoms. It is the best cough medicine I ever had in the house, J. H. Nettie, Brooklyn, Pa.

For sale by Beaver Drug Co., Cottage Grove, John & Eliza, Beaver.
