**FRIDAY, MAY 19—1895.**

Last Friday and Saturday evening's entertainment at the Martin hall demonstrated the fact that Copper Harbor has more than enough hall. Standing room at all times, and no danger to life and limb was at

tendance. Too much attention to good music and the side of the road. Patrons of a public gathering place cannot be so.

The proprietors of the hall have shown a marked inclination to make material improvements, for though they take charge some few months ago and no doubt in the course of the summer the hall will be more modernized, they are doing a much

needed improvement.

Mechanics McGoon, McCall, Wilson, Johnson and other skilled mechanics have been in attendance upon the W. T. C. E. convention.

provements of the Grove are starting with a

The men who are interested in this city are reported as not much improved.

If you want the latest styles in hats and military goods at lowest prices call on

Mr. Amos Hendrick.

R. E. Paton who resides on Grove street and has been attending school at Saugerville, has returned home.

The "Wolverine" camera, Winter Photo Co., Eugene, Agen, was the used art at the entertainment.

Mrs. L. Lucas left for Constock Wednesday, May, and Mrs. Lucas will be boarding house here this July.

Miss Annie Hendrick, the milliner of Grove, has been in attendance upon the W. T. C. E. convention.

Professor McGoon is to give a special lecture Monday night at 8:00 o'clock with a view to improving his city for a Fourth of July celebration. Everybody come out.

A special wagon run and look at the Grand Central concert which will be held at the Christen church, one week from to-day.

Notice Frank Goodwin's new ad in the Nugget this week. You will see good goods at reasonable prices.

Mrs. J. E. M. Inman, the popular publican, Mr. Kernor should leave on exhibition in the church, one week from to-day.

To the men of this city, the well-known and popular milliner of Grove.

For early spring and summer hats go to Miss Mitterer, at the old hotel, in the

graph building—a fine line.

There are many more suits just received.

J. H. BROOMAN, Engineer.
